

REV. DICK LITTELL of Abilene, who is leading in a youth revival this week at the Hamlin Church of the Nazarene, told an audience Tuesday of the strides that were being made by the churches of the country. He illustrated by this story:

The First Methodist Church of Dallas hired Perry Como to sing the famous song, "He," as an attraction to their church, and forthwith some 500 people joined the church.

First Baptist Church, not to be outdone, hired Eddie Fisher to sing "I Believe," and some 750 people joined that congregation.

A Jewish priest thereupon hired Eddie Arnold to sing for his synagogue "There's a Gold Mine in the Sky," and 1,000 Dallas Jews joined the Army Air Corps.

EMPHASIS can change the meaning of many expressions. For example, an ordinary sentence can be made to have as many meanings as it can have variations.

If we were to say "I never said he stole money," what would it mean? It's all in the way we say it. There are six words in that sentence; by emphasizing each word separately, we get six different meanings. Read them aloud, and see...

I never said he stole money.
I never said he stole money.
I never said he stole money.
I never said he stole money.
I never said he stole money.
I never said he stole money.

HAMLIN AREA'S weather is plenty varied, although most of us can only remember the past five years of serious drought. Some notes about the weather in other parts of the world might prove interesting:

The coldest place on the earth inhabited by man is Verkhoyansk, above the arctic circle, in North-western Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 86 in July, dropping to the freezing point on the warmest nights.

The hottest place in the world is Death Valley, California, where the thermometer has reached 150 degrees.

The wettest place is Greytown, Nicaragua, where the mean annual rainfall is 280 inches. The place of least rain is Port Nolloth, South Africa, one inch a year.

MOST OF US are critical of the other fellow a lot of the time. Poet Carl C. Helm has suggested this remedy for such a situation:

If I sought just the good in you,
And you the good in me,
Perhaps within a day or two
We'd find a remedy
For all distrust—suspicion, too,
And we'd quite friendly be—
If I sought just the good in you,
And you the good in me!

SOMEWHERE there is a woman who can have control of every man, it is said. A so-called poet reminds us:

The weaker sex is understood
To mean the whole of womanhood.
But I have yet to find a man
Who knows whom it is weaker than!

WE'VE HAD IT called to our attention most of our lives some wise crack about keeping up with the Joneses.

Having lived with them for more than humpteen years, we've concluded: If you think its tough keeping up with the Joneses, think how tough it is for the Joneses!

SUNSHINE AND CHEER is the title of a clever little ode by Sidney J. Burgoyne which we believe is worthy of this column:

The thing that really matters
Is the "something else" you do,
Besides the getting dollars.
All you whole life through.
It's just the touch you're giving
To others day by day,
The sunshine that you scatter
All along your way.
The kindly deed you're doing
When someone needs a friend:
The service that you render,
The helping hand you lend.
It brings a joy that's lasting,
Which money cannot do—
To know that someone's gladness
Is just because of you!

ANNOUNCE WEDDING PLANS—Atherine Lucy (right), the negro student expelled from the University of Alabama after campus racial riots, poses in Dallas with Rev. H. C. Foster, a ministerial student at Butler College in Tyler. The couple revealed their plans to be married in Dallas on April 22. They were former classmates in an Alabama college.

Jones County Acreage to Be Seeded to Main Crops Drops

Cotton Plantings To Show Decline Of 7,000 Acres

Farmers of the Hamlin area and the rest of Jones County are due to plant an estimated 109,252 acres of cotton and about 200,000 acres in feed grains this year, it was calculated by County Agent Bill Lehmberg, in an exclusive interview with a Herald reporter first of the week.

These acreages represent a 7,000-acre decrease in the cotton acreage of 1955 and will be about the same for the head grains, the agent said.

These figures were made in connection with those released by the Austin state office of the U. S. Department of Agriculture for the state as a whole.

Texas farmers plan to chop two-thirds of a million acres from acreage devoted to principal crops in the state this year, the Austin release stated.

Included in this early season appraisal for the year is a reduction of about 200,000 acres in cotton allotments. Reduced rice and peanut allotments account for another 100,000 acres.

The USDA said most of the remaining reduction is due to smaller corn and oats acreage planned.

See LESS ACREAGE—Page 5

Hamlin Schools to Be Hosts at Renewed Interscholastic League Literary Events

Hamlin Schools will host the District 4-AA literary events of the Interscholastic League Friday, April 6, it was announced this week by school officials. These contests have not been held for several years, but new interest is being manifested in the events, it is reported.

Schools expected to be represented at the meet, beginning at 1:00 p. m. Friday, will be Anson, Colorado City, Hamlin, Stamford and Rotan.

Sounds of orating voices and vigorous debating will fill the rooms of Hamlin High School until April 6, declares Doyle B. Smith, speech instructor.

Having won the one-act play contest recently, speech students are preparing to sweep the forensics events of the district.

Competing for debate honors are Rodney Spaulding and Clarence Parker, for the boys; and Ginger Means and Judy Brandon, for the girls.

Prior to the district meet there will be competition between the Hamlin students to determine who shall represent the Pipers in district. Competing for girls' declamation honors are Judy Harden, winner of the best actress award; Cel Albritton and Nellie Johnson.

Boy declaimers are Bobby Beale and Joe Stephens. Boys' extemporaneous speakers are Melvin Hames and Dennis Johnson. Girls' extemporaneous speaker will be Glenda Hill.

Boys' poetry reading will be represented by Kenneth Hewett, K. T. Scott and Bryan Shelburne. Girls' poetry readers will be Eva Wallace, Mary Ann Wilbanks, Katherine Donham and Milbra Greenway.

Junior declamation boy will be Bryan Shelburne, and Glenda Hill will represent the girls.

TESTIFIES—Felix Einsohn, Dallas certified public accountant, is shown as he testified at a House investigating committee hearing at Austin. Einsohn told the committee of his connection with the defunct U. S. Trust & Guaranty Company.

Hereford Man Leads In Pentecostal Revival

Rev. W. A. Hodge of Hereford is doing the preaching in a revival meeting that began Sunday at the United Pentecostal Church in Hamlin, located on Northeast Avenue B.

Services are being conducted each evening at 7:45 o'clock, leaders of the congregation announce. The public is invited to attend the series of services.

Little Interest in Two Elections Set Next Week Shown

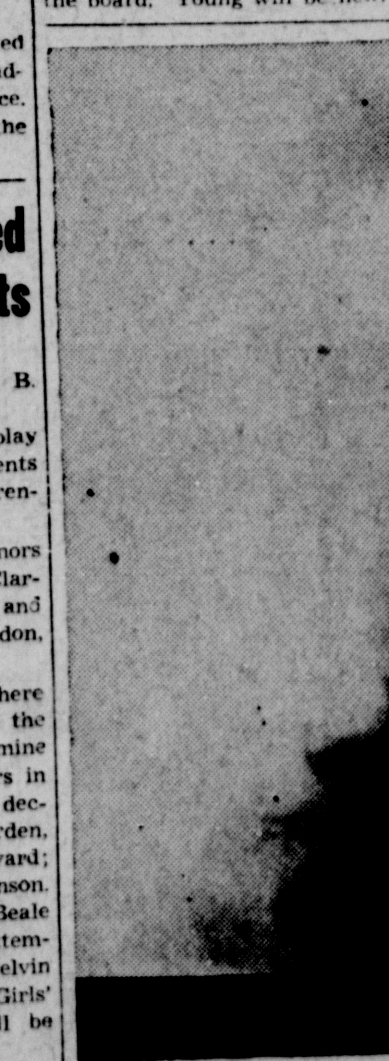

Little interest was being manifested by people of the Hamlin section in two elections scheduled for next week that will elect a mayor and three councilmen for the City of Hamlin and two trustees for the Hamlin Consolidated Independent School District.

On the city ballot for Tuesday's election for re-election are the names of Mayor Willard Jones and Aldermen L. E. (Gene) Prewitt, B. O. Bell and W. S. Seals. All four men are serving their first term of two years on the City Council. They have no opponents on the ballot.

Balloting in the city election will be Tuesday at the city hall, where J. E. Patterson will be election judge.

Two trustees will be named for three-year terms on the Hamlin school board in voting next Saturday at the high school building where Harold Williams will be presiding judge. Names of W. C. Eoff and Richard Young Jr. are on the ballot. Eoff is now on the board. Young will be new.

The greatest builder of business that we know is what is known as education.

CENTRAL TEXAS TORNADO—Dick Jones of Mullin shot this close-up view of a tornado funnel as it swept across Central Texas near Moody. Jones, a stock tank builder, was headed for Moody on Highway 317 when he saw the funnel. He stopped his pick-up near a small culvert so he could get under it if he had to, got out his box camera, with only one exposure left on the film, aimed at the tornado and pressed the lens trigger. As can be seen, he got a rare bull's-eye. The tornado passed on and Jones went on to Moody.

Small Grains in Section Hold Despite Lack of Rain

D. W. Cowan Made Superintendent of Celotex Plant Here

D. W. (Wood) Cowan was named works manager of the Celotex Corporation plant at Hamlin last week, the appointment being effective immediately. He succeeds Ted E. Armstrong, who will go to the Chicago, Illinois, offices of the concern in a management capacity.

Cowan has been superintendent of the board plant at the Hamlin plant for several years. He is succeeded in this capacity by Lewis E. Madden.

Announcement of the personnel change was made last week at a meeting of Celotex officials and divisional employees of the local plant held at Richd's restaurant in Abilene, attended by 46 company people. The business session followed a dinner. Chris L. Christensen, vice president of the Celotex Corporation out of the Chicago office made the announcement of the changes in personnel.

Armstrong became works manager of the Hamlin plant in 1947. Both Cowan and Madden have been long time employees of the concern, having been connected with the predecessor company, the old Texas Cement Company plant, which was purchased by Celotex in 1940. Cowan became associated with the plant in 1935, and Madden began his service in 1936.

Contract for New Gym Set to Be Let April 23

Contract for the new \$150,000 gymnasium and band room for Hamlin High School is scheduled to be awarded at the high school cafeteria on April 23, according to announcement made this week by C. F. Cook, superintendent of schools.

Stanley Brown architect firm of Dallas is now in the process of drawing plans for the structure, to be erected east of the present high school building. Brown notified the superintendent this week that the specifications will be completed within a few days, and bids will be called for.

The greatest builder of business that we know is what is known as education.

INTO THE RACE—W. Lee O'Daniel of Dallas announced in a Fort Worth radio broadcast he is a candidate for governor and pledged "a crusade to clean house in Austin."

Many Motorists of Area Lack Licenses

Despite several warnings by state, county and area automobile licenses and safety inspection officials, hundreds of Hamlin area motorists have waited until near the deadline to secure these necessary tags in order to legally operate their vehicles, these same officials advised The Herald at mid-week.

New 1956 license plates must be bought and placed on cars by Saturday night, and new inspection tags must be on windshields by April 15, which is only a little over two weeks away.

However, motorists are reminded again that the two tags have no connection. Failure to have either of the license plate or inspection tags on automobiles and trucks by the deadlines will subject vehicle operators to fines by state highway patrol, county or city officials.

With only three days to go, only about two-thirds of the car and truck owners of the Hamlin area had secured 1956 license plates, according to Jim Howard King, special license deputy for this community. His office is at King Insurance Agency.

An official of the Texas highway patrol office at Abilene declared that Jones County owners had been leading the district in securing safety inspection stickers, about 80 per cent of these having been issued. There are five authorized inspection stations in Hamlin.

Parents are invited to attend the P-TA meeting, scheduled to begin at 3:45 p. m. Thursday at the Hamlin Primary School cafeteria.

Hamlin Future Farmers of America Place in Several Events at Abilene Trials

Sixteen Hamlin Future Farmers of America boys participated in the annual field day and judging contests at Abilene Christian College Monday, along with 1,100 other boys of the area.

Hamlin entered teams in judging of livestock, dairy cattle, poultry, and land. Two of these teams, dairy cattle and poultry, placed in the top 10 teams.

Individual honors were awarded to Charles Nall, Hamlin second-year FFA boy, who was third high individual in the poultry contest, with more than 200 boys competing. Charles is the son of Mr. and Mrs. Tom Nall.

Davey Weaver, third-year student, tied for seventh and eighth place as high individual in judging dairy cattle. Davey is the son of Mr. and Mrs. Noel (Duck) Weaver.

Mac Reid, also a third-year ag boy, was ninth high individual in land judging. Mac is the son of Mr. and Mrs. Bernia Reid.

This year the judging events were held at the new livestock show grounds in Southeast Abilene. Total teams entered were 299, with three to four boys on each team.

The Hamlin livestock team is composed of Don Drummond, Muri Smith and Lane Fletcher. Dairy cattle team consists of Steve Reynolds, Billy Murff, Davey Weaver and Clifford Green.

On the poultry team are Charles Nall, Carl Weaver, Roy Houghton and Linnie Johnson. Judge judges are Mac Reid, Joe Cowan, Dwight Wallace and Jimmy Blackwell.

Next judging contests for these teams will be at Texas Technological College at Lubbock on April 28, when the Area II teams will be determined for state competition, declare T. C. Blankinship and Harold V. Eades, sponsors of the Hamlin FFA chapter.

Former residents visit. Mr. and Mrs. A. G. Smith of Rule were in Hamlin Saturday visiting with friends. Former long time residents of Hamlin, the Smiths were welcomed by many old friends.

Abilene Man Leads in Nazarene Youth Meet

Two more meetings in a series of four being conducted for young people of the community will be held Thursday and Friday evenings at the Church of the Nazarene, according to the pastor, Rev. Donald Wellman.

Leading in the youth services that began Tuesday evening and will continue through Friday evening is Rev. Dick Littrell, pastor of the First Church of the Nazarene in Abilene. The Evangelaires, a quartet, is leading the musical program. The quartet also appeared at the Lions Club and Rotary Club meetings Tuesday and Wednesday, and at the schools.

Sub-Moisture of Area Continues to Give Harvest Hope

Despite the fact that much of the wheat in the Hamlin area is suffering from lack of rains, the chances are still fairly good for a good wheat crop provided moisture comes within the next two or three weeks.

This was the opinion of several wheat growers whom a Herald representative contacted first of the week.

Because the winter rainfall was below normal, pasturing of the wheat fields during the winter and early spring has not been general, but many farmers have grazed the areas some during most of the season.

Even in recent days, several farmers have put stock on the fields, gambling that if it rains during the next few weeks, the stock can be removed from the grain on short order and fairly good crops can be harvested.

County Agent Bill Lehmberg said that grains over the rest of the county looked about like the Hamlin area crop. Where terraces caught rains and snow the green plants are in better shape, he points out.

Lehmberg estimated that about 55,000 acres of small grain is now seeded, which is a decrease from the estimated 58,337 acres planted last year.

Sub-soil moisture is generally good, the agent said, which means that some surface moisture will prove very beneficial to the growing crops.

Churches of Hamlin Show Decided Gains in Sunday School Totals

Sunday School attendance at the various churches of Hamlin last Sunday shows a decided increase over the year-ago totals, a tabulation by The Herald reflects this week. Total for the March 25 attendance was 1,296 compared with 1,152 for the same Sunday in 1955. Last Sunday's total also was 100 more than the total for the previous total of 1,196 for March 18, the figures reveal.

Attendance by churches for March 18, March 25 and a year ago follow:

Church	Mar. 18	Mar. 25	1955
No. Cen. Baptist	48	82	62
Oak Gr. Baptist	39	43	41
Mex. Baptist	75	51	32
Ch. of Nazarene	111	110	67
First Methodist	234	266	207
Foursquare	83	71	82
Faith Methodist	37	47	61
Sunset Baptist	52	40	27
Church of Christ	141	154	130
Calvary Baptist	—	—	—
Pentecostal	—	—	—
Assembly of God	—	—	—
First Baptist	376	432	443
Totals	1196	1296	1152

SPRING CLEAN-UP TIME CAN APPLY TO CITY, TOO

With the coming of balmy days, and the accompanying budding of trees, greening up of lawns and blooming of early flowers, the people of Hamlin community are already giving cooperation to nature in brightening up the landscape. It is clean-up town hereabouts.

Every spring brings the urge by millions of Americans to lend a hand to Mother Nature to improve the appearance of home grounds. Where the thrifty weeds and obnoxious grasses are wont to grow without man's resistance, trees and shrubs and flowers can be made to grow with a little encouragement. The fact that the beauty of the better trees, shrubs and flowers gets a response in most of us justifies their being propagated.

These beauties of nature make life a lot fuller, bring brightness and color to an otherwise drab and dreary world, and give us all recompense for our labors in cheer and sheer beauty.

And the good citizens of any community should be interested in the community picture, too. One swallow does not a spring make, and neither does one beautiful yard

make an attractive community. To be sure, clean-ups around our own places usually touch off neighbors to doing some of the same, but in order to keep up our community pride and reputation, we must all cooperate to beautify the vacant lots close by our homes and work with others at our City Park and around the beautiful new swimming pool.

City officials have promised a limited expenditure at the City Park toward a beautification program, but the cooperation and assistance of an interested populace will aid materially in the program.

Women's and civic clubs are pledging their support to community clean-up and beautification, and the assistance of still others is desired. This is our community, and its appearance reflects its citizens' civic pride and interest.

Are you satisfied with your community's appearance? Show your interest by seeking to do something this spring to improve your own neighborhood's appearance and that of your City Park. All of us working together can carry out a major program. Can you be counted on to do your part?

Too High a Price

The Herald of Brownsville has printed a thoughtful editorial on the farm problem and its political repercussions. It touches on the situation facing livestock producers and other farmers, and on the varied stratagems with which the major political parties are seeking to gain the farm vote. Then it says: "Certainly we would like to see some system which will insulate agriculture against catastrophic drops in net income. Above that, however, our farmers generally feel that our best bet lies in free and untrammelled production. We know that any government program which attempts to maintain prices through artificial juggling of the laws of supply and demand and interlocking price relationships inevitably brings with it some type of production or marketing controls.

"This in turn hamstring the productive genius of our farmers and removes the privileges of adapting our production and distribution methods to the demands of the market place. This is too high a price to pay in order to assure prosperity of some farmers."

It could be added that the kind of "prosperity" that government aid and controls produces is a frail reed indeed, subject as it is to the ever-changing political winds. And it is certainly evident that the taxpayers of the country cannot forever subsidize farm production which goes into storage, not consumption. The bill for that now has run far into the billions and the whole surplus problem is extremely critical.

The ultimate solution to the farm problem will be found within, not without, the world of agriculture itself. Political "solutions" usually just make bad matters worse.

Unworthy Artist

In a public museum in Vienna is exhibited the piano used by the great Prussian composer, Ludwig van Beethoven. An American girl tourist walked casually toward it, and staring herself on the stool, ran off a careless air. Then, turning to the attendant, she asked whether there had not been great pianists to inspect the instrument. The attendant informed the young lady that a short time before, Ignace Paderewski had made a pilgrimage to the shrine.

"Paderewski?" inquired the girl. "And surely he must have played something most beautiful on this old instrument."

"On the contrary," replied the attendant, "Mr. Paderewski did not feel worthy of touching it."

South Dakota Style

South Dakota is a debt-free state. In addition, after paying about \$10,000,000 in veterans' bonuses it recently was able to reduce taxes.

The Lennox, South Dakota, Independent says, "While the nation and virtually all other states have expanded their public debts, South Dakota has been reducing its obligations. An extra tax, such as the sales tax to pay the bonus, nearly always is retained. But not in South Dakota."

Officials of the other states should "go to school" in South Dakota and learn how this splendid achievement was made possible.

A free nation is like that garden. It must be everlastingly guarded against enemies within as well as without who would gradually seal our freedoms away, until the stage is set for the final destruction of representative government dedicated to maximum liberty and opportunity for all.

Editorial of the Week

A NOT TOO COMMON LANGUAGE

Britons, pleased by President Eisenhower's decision, do not, however, foresee him running for office! No. To quote British headlines, he will "stand." So once again we see Britons and Americans divided, as they often are but rarely seriously, by a not quite common language.

To the ceremonious Briton the imagery of running for office seems somewhat undignified. But in this, as in other nations, they may observe, Americans seem to be always in a hurry.

In Britain there is time to "stand" for the office, although even the most poised British politician knows that he may find it well, as did Mohammed, eventually to make some move toward the mountain. And when he does move, the chief difference between the British and the American politician turns out to be merely the accent, not the stance or the gait.

Britons are less surprised, however, than one might suppose by the vagaries of the American language and the modern American scene. Lewis Carroll prepared his countrymen for these when he had his Red Queen expatiate on regions where one is. Being already in office, Mr. Eisenhower would in a less extraordinary country only have to stand to stay there. Britons well understand that in America he must run to do so.—The Christian Science Monitor.

RECALLING Other Years

Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

From the files of The Hamlin Herald are taken the following items of interest of 20 years ago, being reprinted from the issue of March 27, 1936:

Mrs. S. K. Dillard had as guests the latter part of last week her daughters, Mrs. Sharp of San Angelo, Mrs. Pearl Rudder of Green Staff, New Mexico, and also her grandchildren, Mr. and Mrs. Ray Rudder and baby of Los Angeles, California, and Mrs. Bill Rudder of New Mexico.

In the race for county commissioner of Precinct 1 are G. D. Raney, John C. Turner and S. C. (Bud) Ferguson.

John Ed Day, Ray Willingham and Garland H. Tumlin announce the opening of the Home Lumber Company, Inc. in Hamlin, at the former Gray Lumber Company location.

Merry Makers Club members were entertained in the home of Mr. and Mrs. Ira Clements Thursday evening. Attending were Mr. and Mrs. J. E. Bury, Mr. and Mrs. R. Y. Barrow, Mr. and Mrs. L. E. Griffin, Mrs. G. R. Bennett, Mrs. McAlhane, Dr. and Mrs. Joe McCrary, Mr. and Mrs. Bob Wiatt, Mr. and Mrs. J. A. Roberts and Kathryn Atkins.

Mr. and Mrs. Pat O'Donnell and daughters, Marjorie and Patsy, returned Thursday of the past week from an extended visit in California.

TEN YEARS AGO.

Goings-on in the Hamlin community 10 years ago included the following items of interest, reproduced from the issue of The Hamlin Herald dated March 29, 1946:

Cotton yield for Jones County for the year 1945-46 has been officially announced at 42,908 bales. Only about 75 per cent of the area automobiles had been licensed at mid-week, it was estimated by Morgan Insurance Agency, which is issuing the licenses for the Hamlin sector. Deadline for issuing the licenses is Saturday.

Tom Teague, genial manager of Bryant-Link Company, has been named president of the Hamlin Rotary Club.

Sketches of the proposed Hamlin Memorial Hospital have been received by leaders of the movement. Specifications and plans are expected to be ready by June 15, it is announced.

John O. Lewis has been confirmed as new production manager of the Hamlin plant of the Celotex Corporation. He has been active manager since November.

Holly Toler was named mayor of Hamlin in voting Tuesday. Named to the new aldermen posts were L. H. McBride, B. M. Brundage and G. R. Bennett.

FIVE YEARS AGO.

Among news items of interest in the Hamlin community five years ago were the following, reprinted from the issue of The Hamlin Herald dated March 24, 1951:

New hope for the safety of Mickey Scott, Hamlin member of the Marine Corps in Korea, was found this week in reports that he was heard from in radio reports from behind the Communist lines, where he has been held a prisoner for many months.

A number of Hamlin golfers are scheduled to participate in the Anson invitational golf tournament this week-end at the county seat.

James G. Richie entered a plea of guilt to theft of a radio from the Woods Wrecking Yard in Hamlin when he was arraigned in justice court in Anson Wednesday. He was fined \$40 and costs by the justice of the peace.

Dorothy Fern Routh, daughter of Mr. and Mrs. Tom Routh of Hamlin, will marry W. L. Brown of Jasper in March 25 rites here, parents of the bride have announced.

ONE YEAR AGO.

Considered news one year ago in the Hamlin community were the following briefs, taken from the issue of The Hamlin Herald dated April 1, 1955:

Little interest in the city and school trustee elections of the coming week-end is being shown. In voting Saturday at the school two trustees will be named from the three on the ticket—Fred B. Moore Jr., Noel Weaver and Olin Amerson. Two city aldermen will be named for the city. A. Spencer and Delma Shelburne are on the ballot.

A city-wide clean-up campaign for Hamlin has been scheduled to begin April 18. Business houses and schools will close

I. R. Huchingson Gets Wink School Post in Action Last Thursday

I. R. Huchingson, former superintendent of schools at Hamlin for 11 years, was officially named as superintendent of the schools at Wink last Thursday. His selection had previously tentatively been made by Wink school board members earlier last week.

He replaces Weldon R. Steele whose resignation became effective July 1. Steele will go into private business.

Huchingson begins his new duties at Wink June 1. He has been in Lubbock for the past several weeks taking a refresher course. Following his resignation as head of Hamlin schools last August, he was connected for several months with the Texas Lions Club Camp for Crippled Children at Kerrville.

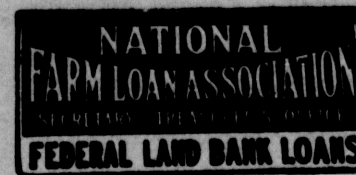

No one is so busy as the man who has nothing to do.—French Proverb.

Hamlin Schools to Get Two Easter Holidays

Hamlin Schools will have two holidays from classes for the Easter season, it was announced Wednesday by Superintendent of School C. F. Cook. These two school days, coupled with Saturday and Sunday, will provide a four-day vacation period.

Classes at all the five Hamlin schools will be dismissed this (Thursday) afternoon and will be resumed Tuesday morning.

LOOK! NEW WAYS TO BRIGHTEN YOUR EASTER TABLE!

- 1 Easter Bunny Salad**
Mold fruited lemon gelatine in 9" round pan. Cut 4 faces with round cutter and arrange on lettuce cups lined with cottage cheese. Cut 8 ears. Eyes are cherry halves; noses are candy hearts; whiskers are coconut.
- 2 Sweet Potato Crunch**
Add a few thin slices of unpeeled orange to boiled, peeled sweet potatoes. Top generously with coarsely chopped peanuts. Pour syrup over all and bake according to your favorite recipe.
- 3 Mustard Cheese Sauce**
(Fine on asparagus, and broccoli, too!) To 1½ cups medium white sauce add ½ cup shredded sharp cheese, 1 tbsp. prepared mustard, ½ tsp. Worcestershire sauce. Pour over asparagus, garnish with egg slices.
- 4 Walnut-Cheese Sticks**
Delicious served with fruit juice or fruit cocktail. Roll pastry, cover half with shredded sharp cheese. Fold and re-roll. Cover top with chopped walnuts. Roll lightly, cut in strips, bake 'til golden.
- 5 Easter Egg Chocolate Pie**
Drop spoonful of sweetened whipped cream on each wedge of pie, top with green-colored coconut. (Shake coconut in jar with drop of food coloring and water.) Fill nests with small jelly beans.

Standing Committees Announced by Fifty-Two Study Club President-Elect

New standing committees for the Fifty-Two Study Club were announced by the president-elect, when members of the club met in the home of Mrs. R. L. McClung Tuesday morning. Co-hostess at the session was Mrs. L. C. Bonds.

Mrs. Dean Witt presided in the absence of the president, Mrs. Wilson Brannon. The club collected was led by Mrs. Gene Westmoreland.

It was reported that the chairman of Texas Heritage, Mrs. J. T. Nix, and Mrs. E. J. Hawkins have made slides of the H. F. Martin ranch to be included with the Old Chittenden Ranch series.

The club voted that a book be donated by each member to the new Hardin Memorial Library Mrs. Ned Moore will accept the books.

Convention reports were heard from the delegate, Mrs. Wilson Brannon, and Mrs. Noel Weaver, Mrs. Irby Weaver, Mrs. Cecil Sellers, Mrs. Dean Witt and Mrs. Gene Westmoreland, who attend-

ed the meeting, held at Weatherford. A certificate was presented to the club for having 100 per cent subscribers to The Texas Club Woman magazine.

The club had honorable mention in club ethics, yearbook and national defense. Awards in second place were: Scorecard of 100 per cent, and pioneer personalities. First place awards were: Friendship, international understanding and leadership development.

Mrs. Wilson Brannon, president received the honor of leadership development at the president's dinner at the Weatherford convention, when she was named as "Outstanding Club Woman of the First District" by Mrs. Dave P. Walker, chairman of leadership development.

A scrapbook is being made of Mrs. Brannon, to be entered in the state convention contests on May 7 at Dallas.

President-elect Mrs. Dean Witt announced her standing committees as follows:

Program—Mmes. Joe League, Byron O. Bell and Gene Westmoreland; budget and finance—Mmes. Gerald Young, L. C. Bonds and W. S. Seals; membership—Mmes. J. T. Nix and Noel Weaver; telephone—Mmes. Byron O. Bell and Gene Westmoreland.

Participants on the program were introduced by Mrs. L. C. Bonds, director: Mrs. Ned Moore, whose topic was "Know and Grow Through Libraries;" Mrs. Harry Martin, whose topic was "Scholarships."

Coffee, pecan rolls, cantaloupes and strawberries were served to 18 members.

PURPOSEFUL.

Parson—"I was sorry for your wife in church this morning when she had a terrific attack of coughing, and everyone turned to look at her."

Hubby—"You need not worry about her, parson. She was wearing a new hat."

"Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life," you may be suffering unnecessarily!

For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Recent Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing "flashes," "out of sorts" feelings of "change of life."

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

Summer Salads Used In Demonstration at Friendship Club Meet

The program was on "Summer Salads" when members of the Friendship Home Demonstration Club met Friday afternoon at the oil mill guest house in regular session.

Roll call was answered with suggestions for garden hints. The council report was given by Mrs. Fred Young. She announced that a tea and book review for county-wide clubs will be held at Anson in May. Two new clubs have recently been organized in Jones County, she announced.

The club's food demonstrators, Mrs. Ray Johnson and Mrs. Jap Kemp, presented the program on "Summer Salads."

A salad plate was served to Mmes. Harry Gardner, Grady Smith, R. S. Johnson, Jap Kemp, Fred Young, Jack Collins, John Hix, Gean Witt and Linda, Ed Branscum, Ester Hastings, M. S. Johnson and Sol Branscum. Hostesses for the day were Mmes. Harry Gardner and John Hix.

Next meeting of the Friendship group will be April 13 at the club house, when a white elephant sale will be featured. Roll call will be answered with "Care of the Kitchen" pointers. Program will be on "Low Calorie Refreshments" by Jimmie Lou Wainwright, county home demonstration agent.

Program on Art Featured at Meeting Of Bet Sigma Phi Unit

A program on art was featured when members of the Beta Sigma Phi met Tuesday in the home of Mrs. Ed Boaz.

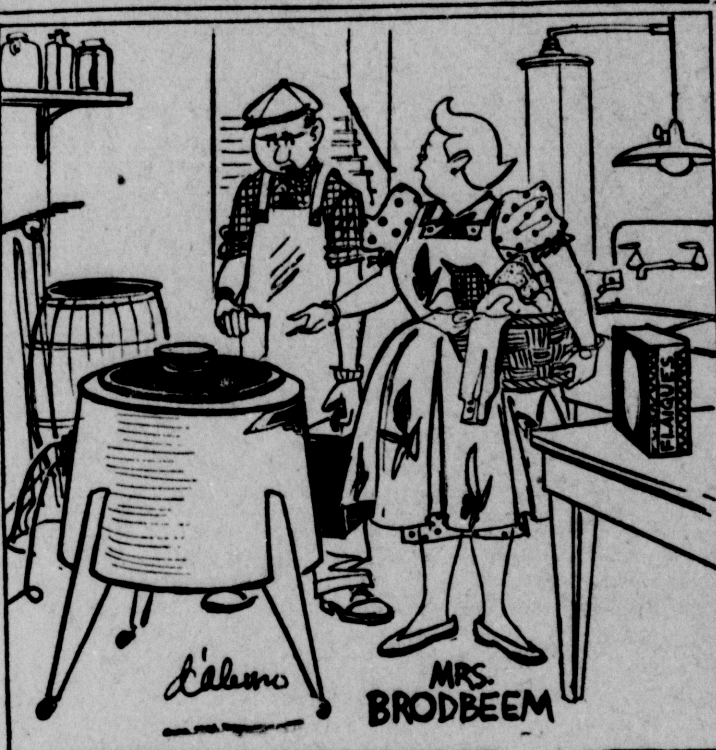

Members were served dessert and coffee as they arrived, who were Mmes. H. L. Mehaffey, Garland Preston, Earl Smith, Wilson Brannon, Brad Rowland Jr., Arlie Cassle, Jess Parrish, Truman Nix and Billy Joe Wilson.

After a brief business session, Mrs. Jess Parrish discussed different arts in connection to man but pointed out that music had proven to be the main art of man. Mrs. Parrish declared that music can portray every mood. By the use of a recorded selection, "The Moldan" she demonstrated the use of descriptive music.

THESE WOMEN!

By d'Alessio

"All I know is when it's supposed to go wazzle wazzle woof, it goes kling... floooooo!"

McCaulley Women See Demonstration on Attractive Trays

Demonstration on "Attractive Trays" was given when members of the McCaulley Home Demonstration Club met Thursday afternoon in the home of Mrs. Frank Kemp.

Program originally scheduled for the day, "Shrubs Adapted to Fisher County: Their Culture and Uses" by Mrs. Louis Boyd, was postponed on account of the cold weather. The demonstration was to have been at the home of Mrs. Holman Boyd.

Mrs. Robinson made the blueberry square cookies, cheese potato chips and coffee which were served to the following members: Mmes. Leo Masser, Louis Boyd, Jerry Maberry, Ted Abbott, Ben Kemp, George Maberry, Ray Maberry, Bill Robinson, C. A. McHone, Glenn Henderson, Tommie Yarbrough, Billy Wayne Jeffrey and the hostess.

Next meeting of the McCaulley group will be in the home of Mrs. Ben Kemp on April 5.

Covered Dish Dinner Given Saturday for Xi Gamma Pi Group

Xi Gamma Pi chapter of Beta Sigma Phi met Saturday in the home of Mrs. C. Weldon Griggs for a covered dish luncheon.

The luncheon table was centered with an Easter arrangement made by Mrs. George Poe. She used colored eggs, chickens and rabbits in a large basket lined with blue paper lace.

Mrs. M. L. Smith presented Mrs. Holly Toler, guest speaker for the day. She reviewed "Auntie Mame" by Patrick Dennis. Mrs. Austin Poe, president of the sorority group, presented Mrs. Toler a gift of appreciation.

Others present were Mmes. James O. Ballard, W. T. Johnson, John C. Bryant, Cliff Reynolds Jr., Jerry Waggoner, E. D. Perrin and Wesley Nail.

A FAIR SWAP.

Husband—"When are you going to quit driving from the back seat?"

Wife—"When you quit cooking from the dining room table."

Mrs. Darris L. Egger Made District Officer

Mrs. Darris L. Egger of Hamlin was elected missionary personnel secretary for the Northwest Texas Methodist Conference Woman's Society of Christian Service at that organization's annual meeting held recently at Stamford.

Attending from Hamlin were Mmes. M. T. Hudson, W. H. Little, G. W. Renfro, D. W. Carlton, Ed Bailey, W. B. Cotten, T. T. Brady, W. H. Parker, Darris L. Egger, A. A. Hackley, L. B. Smallwood, W. H. Pickson and B. H. Gardner.

Theme for the meeting which attracted over 400 women was "That the World May Know."

St. John's Methodist Church at Stamford was host for the meeting.

Hamlin Garden Club Yearbook Accorded District Second Place

Yearbook of the Hamlin Garden Club was accorded special recognition at the district convention of Garden Clubs, held last week at Del Rio.

Mrs. W. B. Britton, president of the local club, has just received a certificate of award for winning of second place in the district.

In presenting the certificate, Mrs. Bowdry, district governor expressed regret that none of the Hamlin women were present at the Del Rio session to receive the honor.

"Mrs. Bowdry spoke very highly of the Hamlin club and its work in the town and county and the place we hold in the district," declared Mrs. Britton.

Maxine Crawford Becomes Bride of Robert S. Fonner in Saturday Rituals

Maxine Crawford and Robert S. Fonner repeated wedding vows in an impressive single ring ceremony Saturday evening at 6:00 o'clock in the home of the bride's mother in Hamlin. Performing the rituals was Rev. Miles B. Hays of Lueders, former pastor of the Hamlin First Baptist Church.

The bride is the daughter of Mrs. J. J. Crawford, and the bridegroom is the son of Mr. and Mrs. T. R. Fonner of Willshire, Ohio.

An improvised altar was formed in the living room of the Crawford home, where white gladioli, chrysanthemums and ferns were featured in decorations. Mrs. Marvin Carlton played piano numbers preceding the rites.

The bride wore a light linen princess style dress and carried a bouquet of white gardenias on a white Bible.

Bridesmaid was Bland Atkison of Abilene, friend of the bride. Best man was Jim Lovell of San Antonio, a friend of the bridegroom.

Mrs. Fonner is a 1953 graduate of Hamlin High School, and is now a senior student nurse at the Hendrick Memorial Hospital in Abilene. Young Fonner is a graduate of Willshire Ohio, High School. He has recently completed a four-year tour of duty with the U. S. Army Air Corps.

Following a brief honeymoon, the newlyweds will be at home at 1201 North Nineteenth Street in Abilene.

After the marriage rites Saturday evening, a reception was given in the bride's home. Relatives and friends attended from Willshire, Ohio, Wichita Falls, San Antonio, Abilene, Hamlin, Rotan and Lueders.

Naomi Sunday School Class Stages Social

Mrs. Connie O'Neal presented the devotional when members of the Naomi Sunday School Class of the First Baptist Church met Friday evening at the church in the regular social meeting of the group. Hostesses were Mmes. Leona Carter and Ruby Brown.

Billy Goodman opened the session with prayer, and Mrs. Vincia Walton, the teacher, offered the closing prayer.

The hostesses served cake, coffee and cold drinks to Mmes. Ola Waymire, Flossie Pace, Lula Mae Crawford, Betty Miller, Eva Eades, Mattie Lafter, Carl Young, Erma Hall, Jewel Mayfield and Dena Branscum.

For Sheriff:
 O. D. (DOYLE) WOODY
 DAVE REVES (reelection)

Safety Inspections Of Area Cars Lags As Deadline Nears

Hamlin area motorists are reminded this week that safety inspections of cars and trucks are being made at a slow pace, after consultations with the seven approved inspection stations in Hamlin by Texas Highway Department officials.

A similar trend is reflected by motorists of most of the state. Safety inspections of the nearly 4,000,000 motor vehicles registered in Texas is "falling seriously behind schedule" with the official deadline only four weeks away.

This was reported this week by the Highway Safety Council of Texas after a spot check of authorized inspection stations for the week ending March 10.

Executive Director G. C. Morris of the council said that inspections had "held to a satisfactory pace until January, but inspection stations—particularly in metropolitan areas—report that the required safety checks have been falling seriously behind schedule during the past six weeks."

"In some areas," Morris reported, "motorists seem to have forgotten about inspections altogether and activity has come to a standstill."
 Deadline for the inspection of vehicles registered in Texas is April 15.

NOT ALL NASTY.

An old crossroads merchant wrathfully wrote a debtor who had promised time and again to settle a long delinquent account. "You are just a mule-eared liar. If you don't settle up, I aim to clobber you until there won't be nothing left but a pair of suspenders and a wart. I want my money and I want it now."

He signed his name with a flourish, re-read the letter with grim satisfaction, then added the postscript, "Please excuse the pencil."

Your watches and other jewelry will give you dependable service if given care and occasional check-ups.

State Capitol NEWS

By Vern Sanford, Manager,
 Texas Press Association.

Austin.—Texans are going to have their say, if candidates have their way.

Most candidates seem to be falling into the same pattern. They want letters from the "folks"—telling them to run for office. Some want 10,000 letters, some 25,000. Some just want letters.

It's a new way to solve the postal deficit.

Senator Price Daniel said he received within a week more than 25,000 letters.

Another "letter man," W. Lee (Pappy) O'Daniel, says he's been getting them by the basketful.

Ralph W. Yarborough reports that he has received reams of unsolicited letters urging him to run.

Another gubernatorial candidate, J. Evetts Haley, had this to say, "I didn't have to ask a single soul—much less 25,000 people—if I could run."

In a fiery verbal blast, Texas Press Association president Russell W. Bryant of Italy told more than 100 newspapermen and women at a North and East Texas Press Association convention in Tyler that C. T. Johnson of Austin is ineligible to become a candidate for lieutenant governor.

Bryant distributed copies of a deposition taken in the 126th District Court at Austin on October 1, 1955, in which Johnson testified under oath that he spent only \$125 in traveling the length and breadth of Texas while campaigning for lieutenant governor in 1954.

According to Bryant, Johnson testified he had driven 12,000 to 15,000 miles and that his total traveling expenses for the entire campaign period, as reported by him to the secretary of state amounted to \$125—for gasoline, oil, tires, repairs, batteries, lodging and meals.

Filing of an inaccurate expense report excludes Johnson from becoming a candidate, under state laws, Bryant said.

"You and I know that there isn't a standard make automobile on the road today that doesn't cost nearly two cents a mile for gasoline alone," Bryant told the convention delegates.

Texas' capitol area soon will take on a new look. Governor Allan Shivers showed the Austin City Council plans for the expansion and addition of two ultra modern buildings, plus nearly three blocks of additional grounds.

Sites, maps and architects' sketches for the new state office building and Supreme Court building were presented to the council. Both will be \$3,000,000 structures. The court building will be located a block northwest of the capitol, and the office building a block northeast. They will face the capitol and be joined by a 1½-block mall across Congress Avenue.

Space for additional parking areas also is included in the plan.

Shivers also announced that the granite quarry near Marble Falls, from which granite used in construction of the capitol was taken, has been reopened. It is planned to use granite from the same source for the new buildings.

Shivers is chairman of the state building commission which plans to begin immediately to acquire the necessary sites for the expansion. Contracts probably will be awarded next fall.

Financing of the building project, largest in the state's history, was made possible by a constitutional amendment allocating the surplus from the confederate pension fund for state buildings.

Vigorous action on many fronts is needed to combat Texas' climbing crime rate, said speakers at the attorney general's conference on law enforcement in Austin. Some conclusions, after the four-day conference:

By Attorney General John Ben Shepperd: Travis County should have an extra district court, two grand juries and a special appropriation for the district attorney's office.

By Department of Public Safety Director Homer Garrison Jr.: Since soaring juvenile delinquency can be principally laid to parents' failure to provide good citizenship training, Texas should have a law holding financially responsible parents of youngsters who wantonly destroy property.

By Prison Board Member Dr. George Beto: Texas prison system needs \$8,500,000 to build housing for increased number of inmates, and must find additional profitable industries to offset upkeep costs.

By James P. Economos, director of the American Bar Association's traffic court program: All persons charged with moving traffic violation should be required to appear personally before the traffic court judge.

By Author-Attorney Earle Stanley Gardner: Law enforcement has suffered from the outmoding of corporal punishment in the home and school.

Acreage of principal Texas crops will be reduced by about 660,000 acres this year, the U. S. Department of Agriculture announced.

Accounting for most of the reduced acreage will be drops in cotton, rice, peanuts, corn and oats. Flaxseed, Irish and sweet potatoes also will be curtailed. Only hay will be increased, and wheat will remain unchanged.

Short Snorts: Fifty students from the State School for the Blind are receiving swimming lessons. The Austin Lions Club is paying all custodial fees, and the Girl Scouts and Red Cross Water Safety Service Corps are taking part in the project. . . .

Dr. J. E. Peavy of the State Health Department announces that polio cases this year showed a gain over 1955. Cases reported total 140 against 92 last year. More than 40 per cent of children under 10 have received at least one anti-polio shot, he said. . . .

All kinds of special pencils at The Herald office.

BOMBER CRASH KILLS SIX—Crash scene and wreckage of a B-25 bomber on a routine training mission from James Connally Air Force Base which crashed 10 miles southeast of Franklin, killing six officers. Cause of the crash has not been determined.

Charlie Shipman Is Honored on Birthday By Children at Home

Charlie Shipman, Hamlin area pioneer, was honored on his seventy-sixth birthday Sunday by his wife and four of their six children planned the celebration.

The day was spent feasting and visiting, recalling old times and picture taking.

Children and their families here for the birthday celebration were Mr. and Mrs. Fred Sledge of Wichita Falls, Mr. and Mrs. J. E. Shipman and family of Lubbock, Mrs. John Wisdom of Haskell, and Mr. and Mrs. Elvis Shipman of Stamford.

Others present for the get-together were three sisters, Mrs. Bettie Seifres and Mrs. Mary Holder of Rule and Mrs. Allie Ails of Hamlin; and some nieces and nephews, who were Mr. and Mrs. Charlie Seifres, Lonnie and Letha of Rule, Mr. and Mrs. Willie Ails of Hamlin, Mr. and Mrs. J. C. Ails and family of Rotan, Pat Thompson of Newcastle, Wyoming, Mr. and Mrs. Emmitt Sledge and children of Graham, Mr. and Mrs. Don Roberts and family of Haskell; two friends, Rev. R. B. Hiner and E. C. Davis of Hamlin.

Mr. Shipman came to Jones County in 1902, and moved to Hamlin in 1904, and he has lived in this community most of his life. He is a retired blacksmith and farmer.

Eight Awards Go To Cub Scouts and Leaders at Session

Awards went to six Cub Scouts and two leaders as a feature of the monthly Cub pack meeting Monday evening at the Primary School cafeteria.

Following the opening of the session with the singing of "America," the following program was presented: Den I: Freddie Shave played the accordion and George Stovall rendered piano numbers; Den II: The group sang "The Three Little Fishes," Den III: The boys sang "My Country 'Tis of Thee," and piano selections were given by Jimmy Inzer, Gary Ted Jay and Jaylon Fincannon; Den IV: This unit gave a skit entitled "The Operation."

Awards were presented to the following Cubs by Starr Inzer: Tommy Hill, Jackie Townley, Tommy Robertson, Ronnie Sipe, Charles Dodd and Jimmy Inzer.

Limited Amounts of New Cotton and Milo Seed Available Now

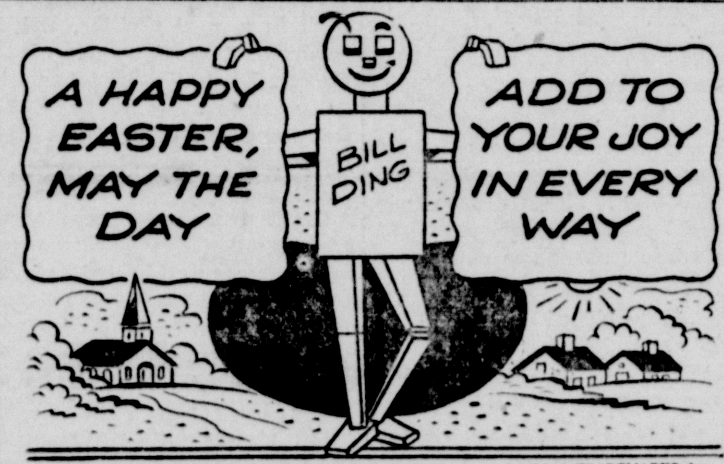

Word has been received in the county agent's office of the availability of a limited quantity of high quality seed under the Texas seed certification program. They have state registered Stormmaster cotton seed and state certified Redbine 66 combine milo.

Stormmaster was developed at the Lubbock agricultural experiment station. Staple length is seven-eighths to one inch and it takes an average of 1,875 pounds of stripped cotton to provide 500 pounds of lint.

Those interested can get further information from A. W. Young of the Tech Agronomy Department.

Den mother cards were given to Mrs. Gene Prewitt and Mrs. Robert Todd.

A gift was presented to Mr. and Mrs. Joe Stephens in appreciation of their work in Cub Scouting by Bill Richie.

LESS ACREAGE

(concluded from page one)
 for 1956. Wheat and sorghum plantings will remain about the same.

Hay is the only crop with an increased acreage for the year. The USDA said crop prospects for the eastern half of the state are generally good, but not as promising in the dryland areas of the west and northwest.

Last December, wheat seedings for 1956 harvest were estimated at 4,356,000 acres, but acreage that will be harvested is very uncertain, being dependent largely on rainfall during the next 60 days.

However, acreage loss to date has not been excessive except in the extreme northwestern counties of the Panhandle, where considerable acreage has been blown or chiseled out.

The USDA said growers' March 1 reports indicate plantings of nearly 13,800,000 acres of feed grains—grain sorghum, corn, oats and barley—about 300,000 acres below the 1955 acreage.

The ONLY Really Modern refrigerator in America today...

You've never lived until you've used the NEW SERVEL!

Servel gas refrigerator

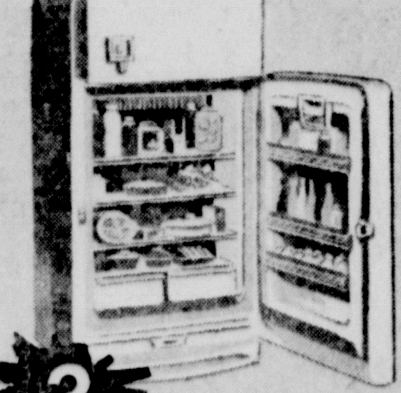

3 great appliances in 1!

1. Automatic Ice Server—Just reach in... take one or a basketful. Only Servel makes ice-cubes without trays and puts them in a basket—AUTOMATICALLY. No trays to fill, spill and refill... no more "slopovers" to mop up.

2. Spacious Freezer—Let's you plan, buy, bake and cook for many meals ahead. It's big—holds 70 lbs. of food, igloo-cold. And it's completely separate.

3. Automatic Defrosting Refrigerator—No more messy defrosting. Servel's Frostender melts frost away automatically—so safe that foods lose none of their flavor and vitamins.

More Reasons Why Servel is the ONLY Really Modern Refrigerator

Adjustable roll-out shelves, In-A-Dor storage, Grip-saver handle and Dew Action Fresheners. What's more—a Servel is trouble-free. There's no moving parts, a small gas flame does all the work. And only with Servel do you get a 10-year warranty on the whole freezing system. No, you've never really lived until you've used the new Servel!

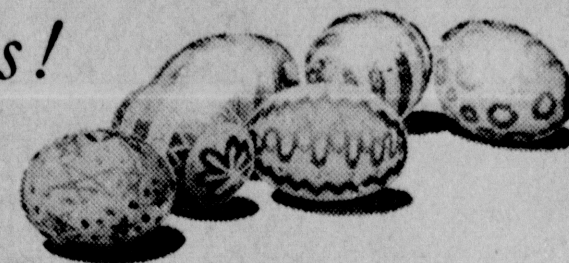

See this exciting Servel Automatic Ice Server Refrigerator TODAY!

Your Easter Ham: how to bake it, how to glaze it, how to garnish it!

Total baking time for your ham will depend on the kind of ham you buy: fully-cooked, uncooked, or tenderized. Most hams carry baking instructions on the wrapper.

To glaze your ham: 30 minutes before your ham is done, score and stud with cloves as shown. Drizzle ham with honey and over this sift brown sugar. Repeat every ten minutes until ham is a glossy brown.

Corn Lily Garnish: Cut thin slices from peeled turnips. Form slices into cornucopia around thin sticks of carrot. Fasten with toothpicks and drop in ice water. May be made the day before.

30 High School Boys Report For Baseball Squad Practice

Others to Report As Soon as Track Events Completed

Baseball practice started Monday for 30 boys at Hamlin High School who are not participating in track and field events, which continue for two weeks more, according to Coach Harrell Blackburn and Truman Nix.

Blackburn will handle the infield boys and pitchers, and Nix will be in charge of the outfielders and catchers. The coaches say good interest in the sport this year promises to assure the high school of a good team this season.

Some of the best baseball prospects will not be out for baseball until the district track meet, which will be held April 7 at Snyder, the coaches point out.

District baseball schedule will start April 12. Teams in the District 5-A are Anson, Colorado City, Hamlin, Haskell, Merkel and Rotan.

The entire outfield of the baseball diamond at Piper Field has been sodded, and it will be used for a practice field during the forthcoming football season for both A and B teams. Billy Reynolds, grounds keeper, has the ground and track in excellent condition, declare the coaches, and they believe it will improve the athletic program of the school considerably.

EARLY TREATMENT VITAL.
Last year about 80,000 Americans died of cancer because the proper treatment was begun too late. Fight cancer with a check-up and a check.

MILLER CAR COMPANY
South of Santa Fe Tracks on Anson Highway

Smiling coyly at Texas' famous football star Doak Walker as she delivers the first sheet of 1956 Easter Seals in Texas is 5-year-old Jan Pruitt, daughter of Mr. and Mrs. M. M. Pruitt, Route 2, Greenville. The traditional annual Easter Seal Appeal for funds to aid the state's crippled children opened March 10 and will continue through April 10.

Hamlin Tracksters Win Three Places in Stephenville Contests

With only partial representation in track and field events, Hamlin High School tracksters last week-end won three places in a star-studded delegation of thinly clad from a wild expanse of Central Texas when they participated in the John Tarleton Relays at Stephenville.

Brady won the Class AA crown with 30 3-5 points. Closest competitor was Abernathy with 19 3-5 points.

Diminutive Kenneth Hewett, who is destined to be heard from even in state finals if he continues his past strides, took first place in the 880-yard run event.

Doug Ford was third in a big field in the low hurdles event, which Charles Bode of Brady took in a time of 20.5 seconds.

Hamlin's quartet composed of Wesley Minton, James Crowley, Ken Hewett and Doug Ford placed fourth in the mile relay.

FUNDS NEEDED IN FIGHT.

Last year the American Cancer Society could grant scientists only two of every three dollars needed for research. Help support the effort to control cancer by giving to the ACS Cancer Crusade.

Hydraulic T Block Added to Football Equipment at Field

Installation of a new hydraulic T block at the Pied Piper football practice field has been announced this week by school officials. This is a new invention, and Coach Truman Nix of Hamlin High School believes the equipment will greatly improve the school's grid chances this fall.

"We appreciate what interest has been shown in our athletic building program," Nix declared this week, "and we invite the public to visit us at any time to look over our athletic plant, which is among the finest in West Texas for cities of the size of Hamlin."

"With the building this fall of our new gymnasium, we feel we will have as good physical athletic plant as any school our size around this district," Nix declared.

The coach pointed out that the Hamlin boys are showing a great improvement in track events, "and we feel that when our track program has improved, all our other sports will improve, too."

Freshmen Netters Fall Before Stamfords As

Don Shivers and Lance Carmichael, Hamlin High School B netters, were matched against Stamford's A team last week-end as the top tennis players pulled out for Odessa. The freshmen lost the match by a close 7-5 and 6-2 score.

Carolyn Barnett of Hamlin met Stamford's No. 1 girl and also lost.

Coach Doyle B. Smith put the boys and girls on a rugged schedule Monday which will be pointing toward district. He feels confident, he says, that the boys will outclass anyone in their division, barring over-confidence or physical set-backs. "The girls can also sweep their division if they will work hard he declares.

When you need special rubber stamps, let The Herald serve you.

Hamlin High Tennis Players Eliminated in Odessa Tournament

Charles Green, playing the finest tennis of his short career at Hamlin High School, advanced to the second round of the Odessa tennis tournament before losing to powerful Bobby Thompson of Abilene last week-end. Ted Wright reached the second round also via a bye only to bow to Snyder's No. 1 netter.

Greatest opportunity of the tourney came when Perry Davis and Don Hicks lost a close match to Odessa's doubles team. If the boys had won this match, the way would have been clear for at least a semi-final spot.

James Lafier and Phillip Miller also showed remarkable improvement at the tournament. Coach Smith had nothing but praise for the fine showing of his netters at the meet.

District tennis competition will be staged April 5.

Abilene Boosters to Visit Hamlin Tuesday

Hamlin is listed on the stops of boosters of the Abilene Diamond Jubilee for next Tuesday. It was announced from headquarters of the anniversary celebration this week.

Brothers of the Brush and Sisters of the Swish will make the trips to various communities of the area advertising the forthcoming jubilee. The second trip for boosters of the area, Tuesday's tour will include Hawley, Anson, Sylvester, Roby, Rotan, Aspermont, Hamlin and Anson.

NO CADDY PROBLEM HERE—Joanne Bruni, 16-year-old defending state women's public links golf champion, has the caddy situation well in hand through the use of this "desert canary." Miss Bruni will defend her title in the state tournament at Laredo.

NOT WORTH FIXING.

The doctor was having a polite argument with a patient over the amount of a bill.

"You must remember, Mr. Dingle," said the doc, "you were in pretty bad shape and I fixed you up. You wouldn't question an auto mechanic who got your car running again, would you?"

"That has nothing to do with this case," insisted Dingle. "If I had a car that was in the condition I was in, I'd trade it for a new one."

DRIVE SEEKS FUNDS.

April is Cancer Control Month by act of Congress. This year more than 1,300,000 volunteer fund raisers will lead the drive to raise \$26,000,000 for the American Cancer Society's programs of research, education and service.

Waiter—"What'll you have to drink?"

Customer—"Ginger ale."

Waiter—"Pale?"

Customer—"No, wise guy—just a glassful."

McCaulley Raises Red Cross Quota at Special Program

McCaulley's quota in the Red Cross drive was reached within a few hours' time last week, according to Mrs. Levi McCollum, drive chairman for the community. An entertainment was given at the school auditorium Tuesday evening as a feature of the gathering to raise the funds.

Members of the senior class reviewed their Blackface Minstrel performance, and each person attending gave to the drive.

Leading characters in this performance were Charles Rector, who served as Mr. Interlocutor; Beth Kelly and Zoie Adair, expert Charleston dancers, who stole the show and brought deafening applause to the audience; Don Alexander and Martha Young played Mr. and Mrs. Rastus and gave "Sentimental Moments to Remember;" and Sammy Holcomb gave "Old Man River."

"That Doggone Dog," a novelty hit by Annie Laurie Woods and Joy Lawlis, was truly a hit with the audience; and Julius Decker and Fayma Downey kept the audience in stitches when they presented a one-act skit, "Scramble's Courtship." Carol Hennington again appeared on stage with her personality singing and golden voice and gave "St. Louis Blue." Buddy Williams as "Stringbeans," gave the audience cold thrills as well as chills.

These students are to be commended for the civic work they are doing. Evelyn Mehaffey was announcer for the skits.

Most of Early Fruit in Area Killed by Freezes

Most of the early fruit crop of the Jones County section has been killed by recent freezes, reported Bill Lehmborg, county agent, this week. From 90 to 95 per cent of the early peaches were nipped, he asserted.

Late varieties of peaches that are now blooming will produce some fruit, the agent said.

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak... through

the gas-eating stop-and-go of city traffic and over the straight-line open road... Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to ensure equal chance for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Test Drive the Economy Winner... '56 Ford

Each deed helps so much to make our great loss easier to bear. May God's richest blessings rest upon each of you.—Mrs. Albert Galloway, Mr. and Mrs. Albert Galloway Jr., Dick and Dana, Mr. and Mrs. Joe L. Galloway, 1c

Holland of Community Dies Tuesday

Funeral services for John Holland, 67-year-old farmer of the Hiltson community, five miles west of Hamlin, were conducted Wednesday afternoon at the First Methodist Church. Rev. Daris L. Egger pastor, and Rev. C. T. Pool, pastor of the Foursquare Gospel Church, officiated.

Holland died in Hamlin at the home of a daughter early Tuesday morning after an illness of several months. His illness had been diagnosed as cancer.

Born August 15 1888, at DeLeon, he was the son of Mr. and Mrs. Joe Holland. He married the former Pearce Cooper on December 20, 1911, and the newlyweds moved to this county, where he had farmed for 45 years.

Interment was in the Afton Cemetery, under direction of the Hamlin Funeral Home. Pallbearers were Tom Carter, Bill Davis, Elbert Payne, Delmer Hill, Jay Skaggs and Ivy Myers.

Survivors include four sons, Woodrow Holland of Simi, California, Terry Holland of Woodland, California, Prentice Holland of Hamlin and Rev. John Holland of Issaquah, Washington; two daughters, Mrs. Lillian Berry and Mrs. Mary Hollis, both of Hamlin; two brothers, Lee Holland and Joe Holland, both of Clarendon; four sisters, Mrs. Ras Patterson of Rotan, Mrs. Dora Beaty of Weatherford, Mrs. Birdie Leathers of Lelia Lake and Mrs. Marvin Whitfield of Hedley; 16 grandchildren and three great-grandchildren.

Land Levelling in Section Is Paying, Rotary Club Told

Land leveling is a well paying practice for farmers of this area, demonstrated Eddie Jay, when he spoke at last Wednesday's noon luncheon meeting of the Hamlin Rotary Club at the oil mill guest house.

Jay, speaking on "Gospel of Field Levelling in West Texas," gave statistics and first hand figures on results of terracing, subsoiling and leveling program conducted in this region in recent years. He showed, for example, that the per acre yield of cotton had been raised in the past 24 years from 122 pounds to 192 under terracing programs. Yields of wheat, maize and other crops also had been raised by these programs, he asserted.

First terracing in the area was done on the A. J. French place in the Tuxedo community, east of Hamlin, in 1921. Since then, thousands of acres of land in Central West Texas have been improved with terraces, contours, sub-soiling and other water and soil saving practices to up production, Jay pointed out.

President-elect Manny S. Johnson gave a report on the recent District 186 Rotary convention at Mineral Wells, which he, John Howard and President J. E. Patterson attended.

Victor Ortiz reported splendid progress being made for the Mexican girl, whose expenses to the Scottish Rite Hospital for Crippled Children were paid by the Rotary Club.

Guests at the Wednesday luncheon included Ralph E. Wallace and George Cowan of Sweetwater; Bill Terry of Stamford; Ernest Williams of Rule; and Ted Wright.

Over \$300 Donated to Resuscitator Project

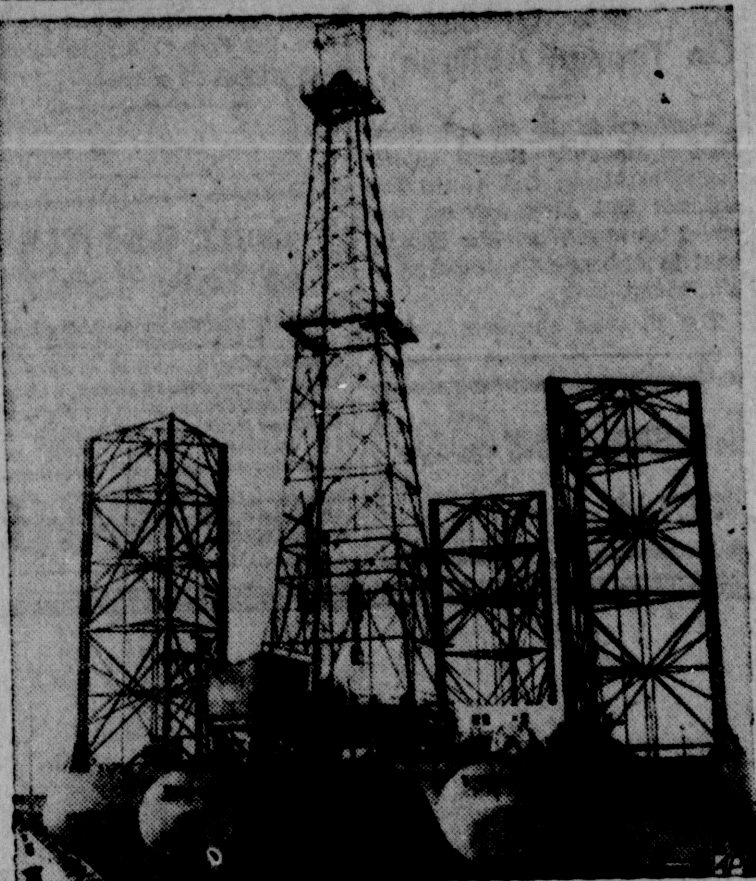

More than \$300 had been contributed toward the purchase by the Hamlin Volunteer Fire Department of the resuscitator machine that has been on display and demonstration in Hamlin for several days, fire department officials reported Wednesday. The equipment, which will be used in drowning, electric shock and other respiratory failures, is proposed as a community benefit.

Contributions for the equipment, which will cost \$625, will be accepted at the bank or by members of the fire department.

Santa Fe Carloadings Show Gain Over 1955

Santa Fe Railway System carloadings for the week ending March 23, 1956, were 24,788 compared with 22,358 for the same week in 1955, reflecting a sizeable gain over the year-ago figure. Cars received from connections totaled 11,712 compared with 12,792 for the same week in 1955.

Total cars moved were 36,500 compared with 35,150 for the same week in 1955. Santa Fe handled a total of 25,294 cars in the preceding week of this year.

DRILLING RIG READY—The Scorpion, Zapata Off-Shore Company's unique mobile offshore drilling platform, stands at the piers at Galveston, almost ready to join the search for oil beneath the Gulf of Mexico. It was designed and built by R. G. LeTourneau, Inc. Oil Well Supply Division of United States Steel Corporation supplied the drilling rig.

Nazarene Quartet And Sneaker Give Lions Club Program

"Every child has a right to expect to be well fed and well led by his parents," averred Rev. Dick Littrell, pastor of the First Church of the Nazarene in Abilene, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Rev. Littrell, who is leading a youth revival at the local Nazarene Church this week, and the Evangelists male quartet provided the program at the civic group regular weekly session.

Four quartet numbers were presented by the Evangelists before the Abilene man spoke. The singers are George Andrews of Sweetwater, Derrell Moore of Abilene, Bill Anderson of Littlefield and Donald Wellman of Hamlin, all Nazarene ministers.

Littrell's main remarks were on "Living a Life," as he pointed out that a man should so live that he would have his self respect by living cleanly and honestly; gain the confidence of others by thinking, living and doing right; and gain the approval of God to assure the life hereafter.

Besides the program participants, other guests at the Tuesday luncheon were Joe Breed of Anson and Tago Adolfson of Sweden.

Auto Driver—"Have you some of that gasoline that prevents knocking?"

Station Attendant—"Yes, sir."

Driver—Fine. Give my wife a glassful of it, will you please?"

Demonstration in Feeding Minerals and Antibiotics Shows Gains for Beef Cattle

Livestock producers in the Hamlin area will be interested in results of feeding stilbesterol and antibiotics in silage ration for yearling steers at Spur Experiment Station, declares Bill Lehmberg, Jones County agent, who releases the following information:

Increased gains were obtained by feeding stilbesterol and terramycin in feed lot tests with yearling steers in 1954-55. These tests were expanded in 1955-56 to include two more antibiotics, aeromycin and Ultycin, and combinations of stilbesterol with the three antibiotics. On February 20, 1956, half of the animals from each lot were marketed after 96 days in the feed lot. These notes give a brief summary of the results of this 96-day test:

Eighty steers and heifers were divided into eight lots of 10 head November 16, 1955. Each lot consisted of seven Hereford steers, two Beefmaster steers and one spayed Hereford heifer. The average daily ration at the beginning of the test was two pounds cottonseed meal, four pounds grain, two pounds alfalfa hay and 55 pounds sorghum silage. The grain was increased gradually to eight pounds for an average of 5.96 pounds over the 96-day period.

Table 1 shows the increased gains made by the cattle fed the additions above the gains made by those in Lot 9, which were not fed these materials. As an example, the cattle fed terramycin in Lot 10 gained an average of 269 pounds compared with 244 pounds, or 25 pounds more in the feed lot than those in Lot 9. They weighed 20 pounds more on the market, and their carcass weights were 28 pounds heavier. The amounts of hormone and antibiotic materials fed are also shown in this table.

Stilbesterol fed in 10 mg. per head daily to the cattle in Lot 11 produced 44 pounds more beef at the market and 31 pounds more carcass beef than the control group. The combination of stilbesterol with the antibiotics gave a slight advantage in gains, but due to the higher cost of the combination material, it was more economical to feed stilbesterol alone in this short feeding period. However, each of the lots fed the combination had a higher dressing per cent and would have made a higher return if the cattle would have been sold on a carcass weight and grade basis. Antibiotics alone increased feed lot and market weights slightly, but dressed out 19 to 28 pounds more carcass beef than the control group.

All eight lots of cattle lost money due to the drop in cattle

prices and the high cost of feed. However, the lots fed stilbesterol or the combination lost the least amount. The three lots fed the antibiotics alone lost a little less than the control group.

Anyone interested can get further information from the county agent's office.

Best All-Round Students in Classes Selected at HNS

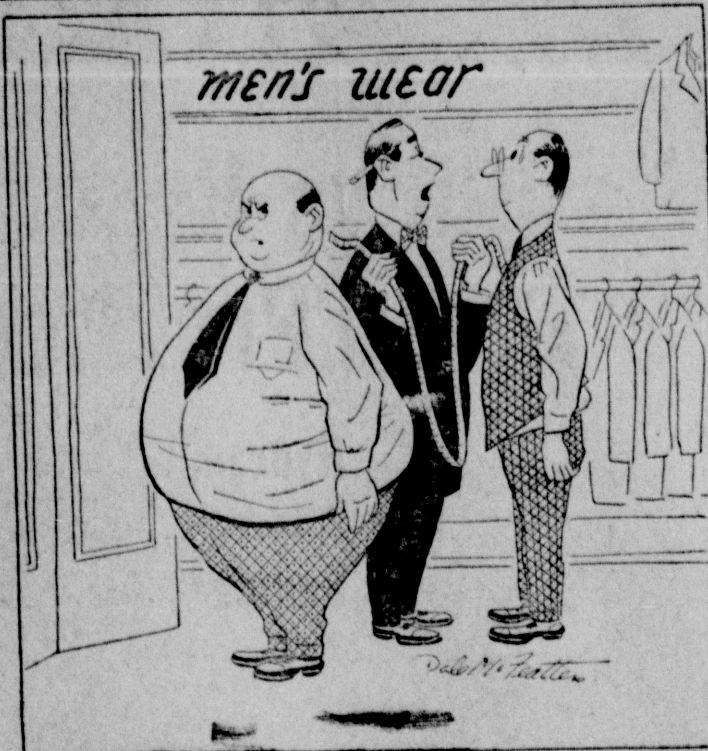

Best all-round students in the various subjects taught at Hamlin High School were named in a poll by members of the faculty last week. They were selected for their attitude, grades, participation, behavior and cooperation.

Named were the following: Typing 1, Elizabeth Norton, Cel Albritton and Linda Carlton; typing 2, Joye Cary; general science, Judy Parker, Mike Brandon and Gene Murff; world history, Jean Powell and Sara Fomby; American history, Ginger Means and Gene Steele; Texas history, Ted Wright, Wesley Minton, Clarice Brown and Holly Toler; algebra 1, Jerry Carlton and Gene Murff; General math, Alice Rivera, Benita Smith and Glenda Williams; English 1, Wyvonne Conner and Judy Parker; English 2, Delores Carter; English 3, Ginger Means; English 4, Joye Cary; speech, Judy Brandon; short-hand, Joye Cary, Marcene Crawford and Louise Herd; bookkeeping, Ginger Means, Joye Cary, Judy Brandon and Reba Roland; chemistry, Ted Wright; biology, Janis Crowley; homemaking 1, Ernestine McWright, Melba Osborne, Faye Server and Glenda Williams; homemaking 2, Jean Powell, Sara Kay Fomby and Delores Carter.

"You are the first girl I have ever loved," said the traveling salesman as he deftly shifted the cigs from his vest pocket before taking her in his arms.

Wildcats in Hamlin Area Hold Spotlight Or Past Several Days

Two new wildcats highlight the oil picture of the Hamlin area during the past several days.

Lamar H. Moore Drilling Company et al of Abilene have staked their No. 1 Norman Carlton wildcat eight miles west of Hamlin in Fisher County. Location of the 6,300-foot rotary project is 330 feet from the south and west lines of the northeast quarter of Section 91, Block 1, H. & T. C. Railway Company Survey.

Skelly Oil Company's No. 1 L. M. Green, wildcat 12 miles west of Hamlin in Section 179, Block 2, H. & T. C. Survey, was drilling below 4,006 feet this week.

Texas Pacific Coal & Oil Company's No. 1-A M. S. Reynolds was plugged at 5,329 feet. The wildcat is seven miles southwest of Hamlin in Section 3, Block R. W. E. Richardson Survey.

High School Girls May Enter Correct Posture National Competition

Girls in Hamlin High School have an opportunity to win \$1,000 in cash, a \$1,000 scholarship and an expense paid round trip to St. Louis, Missouri, in June, Dr. William A. Pattillo announced this week.

That is the first prize for the winner of the second annual international Posture Queen contest. The second prize winner will be awarded \$500 plus an expense paid round trip to St. Louis. The third prize winner will receive \$250.

Senior class students in this city are being asked to select the two prettiest girls in their class who exhibit good posture. Full spine x-rays of the two girls will be taken without charge by Dr. Pattillo and entered in the international contest.

Any girl 17 through 22 years of age may enter the contest, even if she is not selected as a winner by the senior class. Girls who enter the contest on their own must pay an entry fee of \$10.

Senior class students have received contest details in a poster which has been mailed to all school. More details can be secured by contacting r. Pattillo.

When it comes to Protection ... it pays to have the BEST

With snowballs flying fast and furious, an "iron hat" is just the thing to keep from getting crowned. But it won't help a bit if you don't have it with you.

Dependable insurance is like that, too. It's something you can't get when you need it most. After an accident or loss has occurred, it's too late to buy better insurance if the policy you have proves unsatisfactory.

So don't gamble with "cheap" insurance. Buy only the BEST—and buy it today.

BRYANT INSURANCE AGENCY

YOU'LL GET A REAL BOOT OUT OF THIS BEAUTY

(Just switch the pitch and see)

We'll grant that you'll get a kick from just looking at a new Buick—it's that kind of automobile.

But you'll have to take the wheel, turn the key and press that pedal before you get any idea what this sizzler on wheels can do to your spirits and well-being.

It will take you only a handful of happy minutes to get the idea.

Just nudge the pedal—no more than a gas-saving inch—and you'll feel the instant new getaway that's yours with the new Variable Pitch Dynaflo* even before you switch the pitch.

Just find a spot where you can safely and legally call out the reserves—then floor the pedal. That switches the pitch instantly—and in the same split-second you're at full-power acceleration and sweeping ahead like you never did before in any other earth-bound vehicle.

And all the while, just lend an attentive ear to the whispered might of that big 322-cubic-inch V8 that powers this spectacular performance. For that's the smoothest, the quietest and the highest-powered engine, Series for Series, in all Buick history.

There's more, of course, to make the thrills come thick and fast when you're bossing the best Buick yet.

There's the deep, soft comfort of big interiors—and the sweet and solid steadiness of that great Buick ride.

There's the grace of line you can see stretching before you—and the sure and nimble way this beauty handles and corners and tracks and targets to the road.

So come be our guest at the wheel of a spanking-new Buick—just for fun and kicks and a new excitement. And if you feel this is the car for you, we'll show you prices and a deal that say it's yours for sure. Drop in today or tomorrow, won't you?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

McCAULEY COMMUNITY NEWS

Mrs. C. Beth Ballard, Correspondent

Mr. and Mrs. L. E. Reector were week-end visitors in Fort Worth. They visited their daughter, Pat, who is a pre-med student in Texas Christian University.

McCauley Baptist Church sponsored a Training Union study course last week under the direction to Rev. Earl Thompson, pastor student from Hardin-Simmons University, and Virgil E. Potter of Sylvester. A study was directed from Donald F. Ackland's "Joy in Church Membership," in which over 40 people were given awards for diligent service. Tuesday evening a film, "Let's Like Church Houses," was shown to those attending, and on Wednesday refreshments were served by women of the church.

Grade school students of McCauley will present the April Parent-Teacher Association program April 2 in the homemaking stage. The subject will be "Personality Development." Parts will be original, each one written in class under the direction of home teachers.

Secular McCauley young people attended the associational youth service at Sardis Sunday afternoon. Every Wednesday evening is Family Night in the McCauley Baptist Church, when the entire family turns out for preparation for every week-end service. Teachers meet to prepare for Sunday's lesson; young people have choir practice; and the junior and intermediate boys attend Royal Ambassadors. Gene Steele is counselor for these boys, and he announces that a car will be sent out for all boys of this age who

Albert A. Galloway Dies Thursday in Hospital at Rotan

Final rites for Albert A. Galloway, native of the Neinda community south of Hamlin, who had farmed between Hamlin and McCauley most of his life, were conducted last Friday afternoon at the First Baptist Church in McCauley.

Galloway, who was 55 years of age, died early Thursday morning at the Callan Hospital in Rotan after an illness of about a month.

Rev. J. W. West, pastor of the Anson Primitive Baptist Church assisted by Rev. C. E. Dick of Lubbock, officiated at the funeral services.

Interment was in the McCauley Cemetery, under the direction of Hamlin Funeral Home. Pallbearers were Gideon Smart, Willie Maberry, Cloyce Jones, John R. Brown, Rod Brown, Bill Fletcher, Morgan Drummond and Martin Decker.

Born August 22, 1900, at Neinda, Mr. Galloway had resided in this section all his life. He was married to the former Ellen Peacock on August 25, 1920.

Surviving are his wife; two sons, Albert Galloway Jr. of Floydada and Joe Galloway of Fort Worth; three sisters, Mrs. A. L. Boyd of Lamesa, Mrs. Laura Moore and Mrs. Azzie Hendrickson, both of Madera, California.

Royston to Be Served By Roby Post Office

Royston, 12 miles west of Hamlin in Fisher County, will receive mail service out of Roby starting March 31, at which time the Royston post office will be discontinued, it was announced last week-end by A. A. Boroughs, post office inspector for the area.

"When a post office is discontinued, service is provided either by star route or rural route service," he said.

Star route, the inspector said, provides by contract box delivery and a majority of the same services furnished by rural route service.

Business Students Do Well in Practice Meet

Good records were made by Hamlin High School business students last week in practice meets against Anson students, held at the Anson school.

Students who competed were Elizabeth Norton, Cel Albritton, Linda Carlton, Joye Cary, Marcene Crawford and Betty Crawford.

In typing Elizabeth Norton and an Anson girl tied for first with a score of 134. Anson placed second with 133, and Linda Carlton came in third with 127 points. Joye Cary placed first

CLOSE-OUT SPECIAL—We are closing out all Ballerina Pottery; come in and select your matching pieces at one-third off regular prices.—McMahon Jewelry Company.

In shorthand with 99.15 per cent accuracy; while Betty Jane Crawford placed second with 88.03 per cent accuracy; and Marcene was third with 87 per cent accuracy.

McCauley Graders Go On Tour of Abilene

Members of the seventh grade class at McCauley School, accompanied by Mmes. T. E. Green, Foy Mitchell and Alvis Jeffries, and school board member Jim Faught, went to Abilene as a school project Friday.

The 13 class members took a

train ride, visited downtown Abilene, the Coca-Cola bottling plant and KRBC-TV station.

See The Herald for pencils.

the Sharp Trader buys at better than wholesale

...because he buys where his bread is buttered

A REAL sharp trader doesn't need "connections" or "special discounts" or catalogs, or any other gimmick to get what he buys at **BETTER** than wholesale.

Maybe you think we're kidding?

Not at all. It's a fact. When you **BUY** in the community you **LIVE** in, you know that every cent you pay for goods and services above wholesale cost stays here at home with you. By staying here, it can

get around to buying **MORE** good things for you and your family.

It's trading material . . . and **TRADE ALONE** builds communities with better opportunities, better schools, better churches, better neighbors.

Any **ONE** of these advantages could bring you returns beyond measure in a **BETTER LIFE**, as well as real **CASH** returns in the form of increased business,

improved property values, a better job, more people to help you carry the load of normal community expense.

All of this — which you don't get for your money when you buy somewhere else — makes the cost of the actual **GOODS** very low . . . when you buy them at home.

That's how the **SHARP TRADERS** get **BETTER** than wholesale values.

It Pays to Buy where you Live

Of all the business establishments in the world — only those in Hamlin are sincerely interested in the future of Hamlin and in the future of **YOU** who live here . . .

THE HAMLIN HERALD

"Your Home Town Printers, Office Suppliers"

REV. DICK LITTELL, of Abilene, who is leading in a youth revival this week at the Hamlin Church of the Nazarene, told an audience Tuesday of the strides that were being made by the churches of the country. He illustrated by this story:

The First Methodist Church of Dallas hired Perry Como to sing the famous song, "He," as an attraction to their church, and forthwith some 500 people joined the church.

First Baptist Church, not to be outdone, hired Eddie Fisher to sing "I Believe," and some 750 people joined that congregation.

A Jewish priest thereupon hired Eddie Arnold to sing for his synagogue "There's a Gold Mine in the Sky," and 1,000 Dallas Jews joined the Army Air Corps.

EMPHASIS can change the meaning of many expressions. For example, an ordinary sentence can be made to have as many meanings as it can have variations.

If we were to say "I never said he stole money," what would it mean? It's all in the way we say it. There are six words in that sentence; by emphasizing each word separately, we get six different meanings. Read them aloud, and see . . .

I never said he stole money.
I never said he stole money.
I never said he stole money.
I never said he stole money.
I never said he stole money.
I never said he stole money.

HAMLIN AREA'S weather is plenty varied, although most of us can only remember the past five years of serious drought. Some notes about the weather in other parts of the world might prove interesting:

The coldest place on the earth inhabited by man is Verkhoyansk, above the arctic circle, in North-western Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 86 in July, dropping to the freezing point on the warmest nights.

The hottest place in the world is Death Valley, California, where the thermometer has reached 150 degrees.

The wettest place is Greytown, Nicaragua, where the mean annual rainfall is 260 inches. The place of least rain is Port Nolloth, South Africa, one inch a year.

MOST OF US are critical of the other fellow a lot of the time. Poet Carl C. Helm has suggested this remedy for such a situation:

If I sought just the good in you,
And you the good in me,
Perhaps within a day or two
We'd find a remedy
For all distrust—suspicion, too,
And we'd quite friendly be—
If I sought just the good in you,
And you the good in me!

SOMEWHERE there is a woman who can have control of every man, it is said. A so-called poet reminds us:

The weaker sex is understood
To mean the whole of womanhood.
But I have yet to find a man
Who knows whom it is weaker than!

WE'VE HAD IT called to our attention most of our lives some wise crack about keeping up with the Joneses. Having lived with them for more than humpteen years, we've concluded: If you think it's tough keeping up with the Joneses, think how tough it is for the Joneses!

SUNSHINE AND CHEER is the title of a clever little ode by Sidney J. Burgoyne which we believe is worthy of this column:

The thing that really matters
Is the "something else" you do,
Besides the getting dollars
All you whole life through.
It's just the touch you're giving
To others day by day,
The sunshine that you scatter
All along your way.
The kindly deed you're doing
When someone needs a friend:
The service that you render,
The helping hand you lend.
It brings a joy that's lasting,
Which money cannot do—
To know that someone's gladness
Is just because of you!

ANNOUNCE WEDDING PLANS—Autherine Lucy (right), the negro student expelled from the University of Alabama after campus racial riots, poses in Dallas with Rev. H. C. Foster, a ministerial student at Butler College in Tyler. The couple revealed their plans to be married in Dallas on April 22. They were former classmates in an Alabama college.

Jones County Acreage to Be Seeded to Main Crops Drops

Cotton Plantings To Show Decline Of 7,000 Acres

Farmers of the Hamlin area and the rest of Jones County are due to plant an estimated 109,252 acres of cotton and about 200,000 acres in feed grains this year, it was calculated by County Agent Bill Lehmborg, in an exclusive interview with a Herald reporter first of the week.

These acreages represent a 7,000-acre decrease in the cotton acreage of 1955 and will be about the same for the head grains, the agent said.

These figures were made in connection with those released by the Austin state office of the U. S. Department of Agriculture for the state as a whole.

Texas farmers plan to chop two-thirds of a million acres from acreage devoted to principal crops in the state this year, the Austin release stated.

Included in this early season appraisal for the year is a reduction of about 200,000 acres in cotton allotments. Reduced rice and peanut allotments account for another 100,000 acres.

The USDA said most of the remaining reduction is due to smaller corn and oats acreage planned.

See LESS ACREAGE—Page 5

Hamlin Schools to Be Hosts at Renewed Interscholastic League Literary Events

Hamlin Schools will host the District 4-AA literary events of the Interscholastic League Friday, April 6, it was announced this week by school officials. These contests have not been held for several years, but new interest is being manifested in the events, it is reported.

Schools expected to be represented at the meet, beginning at 1:00 p. m. Friday, will be Anson, Colorado City, Hamlin, Stamford and Rotan.

Sounds of orating voices and vigorous debating will fill the rooms of Hamlin High School until April 6, declares Doyle B. Smith, speech instructor.

Having won the one-act play contest recently, speech students are preparing to sweep the forensic events of the district.

Competing for debate honors are Rodney Spaulding and Clarence Parker, for the boys; and Ginger Means and Judy Brandon, for the girls.

Prior to the district meet there will be competition between the Hamlin students to determine who shall represent the Pipers in district. Competing for girls' declamation honors are Judy Harden, winner of the best actress award; Cel Albritton and Nellie Johnson.

Boy declaimers are Bobby Beale and Joe Stephens. Boys' extemporaneous speakers are Melvin Hames and Dennis Johnson. Girls' extemporaneous speaker will be Glenda Hill.

Boys' poetry reading will be represented by Kenneth Hewett, K. T. Scott and Bryan Shelburne. Girls' poetry readers will be Eva Wallace, Mary Ann Willbanks, Katherine Donham and Milbra Greenway.

Junior declamation boy will be Bryan Shelburne, and Glenda Hill will represent the girls.

TESTIFIES—Felix Einsohn, Dallas certified public accountant, is shown as he testified at a House investigating committee hearing at Austin. Einsohn told the committee of his connection with the defunct U. S. Trust & Guaranty Company.

Hereford Man Leads in Pentecostal Revival

Rev. W. A. Hodge of Hereford is doing the preaching in a revival meeting that began Sunday at the United Pentecostal Church in Hamlin, located on Northeast Avenue B.

Services are being conducted each evening at 7:45 o'clock. Leaders of the congregation announce. The public is invited to attend the series of services.

Little Interest in Two Elections Set Next Week Shown

Little interest was being manifested by people of the Hamlin section in two elections scheduled for next week that will elect a mayor and three councilmen for the City of Hamlin and two trustees for the Hamlin Consolidated Independent School District.

On the city ballot for Tuesday's election for re-election are the names of Mayor Willard Jones and Aldermen L. E. (Gene) Prewitt, B. O. Bell and W. S. Seals. All four men are serving their first term of two years on the City Council. They have no opponents on the ballot.

Balloting in the city election will be Tuesday at the city hall, where J. E. Patterson will be election judge.

Two trustees will be named for three-year terms on the Hamlin school board in voting next Saturday at the high school building where Harold Williams will be presiding judge. Names of W. C. Eoff and Richard Young Jr. are on the ballot. Eoff is now on the board. Young will be new.

The greatest builder of business that we know is what is known as education.

CENTRAL TEXAS TORNADO—Dick Jones of Mullin shot this close-up view of a tornado funnel as it swept across Central Texas near Moody. Jones, a stock tank builder, was headed for Moody on Highway 317 when he saw the funnel. He stopped his pick-up near a small culvert so he could get under it if he had to, got out his box camera, with only one exposure left on the film, aimed at the tornado and pressed the lens trigger. As can be seen, he got a rare bull's-eye. The tornado passed on and Jones went on to Moody.

Small Grains in Section Hold Despite Lack of Rain

D. W. Cowan Made Superintendent of Celotex Plant Here

D. W. (Wood) Cowan was named works manager of the Celotex Corporation plant at Hamlin last week, the appointment being effective immediately. He succeeds Ted E. Armstrong, who will go to the Chicago, Illinois, offices of the concern in a management capacity.

Cowan has been superintendent of the board plant at the Hamlin plant for several years. He is succeeded in this capacity by Lewis E. Madden.

Announcement of the personnel change was made last week at a meeting of Celotex officials and divisional employees of the local plant held at Rich's restaurant in Abilene, attended by 46 company people. The business session followed a dinner. Chris L. Christensen, vice president of the Celotex Corporation out of the Chicago office made the announcement of the changes in personnel.

Armstrong became works manager of the Hamlin plant in 1947. Both Cowan and Madden have been long time employees of the concern, having been connected with the predecessor company, the old Texas Cement Company plant, which was purchased by Celotex in 1940. Cowan became associated with the plant in 1935, and Madden began his service in 1936.

Contract for New Gym Set to Be Let April 23

Contract for the new \$150,000 gymnasium and band room for Hamlin High School is scheduled to be awarded at the high school cafeteria on April 23, according to announcement made this week by C. F. Cook, superintendent of schools.

Stanley Brown architect firm of Dallas is now in the process of drawing plans for the structure, to be erected east of the present high school building. Brown notified the superintendent this week that the specifications will be completed within a few days, and bids will be called for.

The greatest builder of business that we know is what is known as education.

INTO THE RACE—W. Lee O'Daniel of Dallas announced in a Fort Worth radio broadcast he is a candidate for governor and pledged "a crusade to clean house in Austin."

Many Motorists of Area Lack Licenses

Despite several warnings by state, county and area automobile licenses and safety inspection officials, hundreds of Hamlin area motorists have waited until near the deadline to secure these necessary tags in order to legally operate their vehicles, these same officials advised The Herald at mid-week.

New 1956 license plates must be bought and placed on cars by Saturday night, and new inspection tags must be on windshields by April 15, which is only a little over two weeks away.

However, motorists are reminded again that the two tags have no connection. Failure to have either of the license plate or inspection tags on automobiles and trucks by the deadlines will subject vehicle operators to fines by state highway patrol, county or city officers.

With only three days to go, only about two-thirds of the car and truck owners of the Hamlin area had secured 1956 license plates, according to Jim Howard King, special license deputy for this community. His office is at King Insurance Agency.

An official of the Texas highway patrol office at Abilene declared that Jones County owners had been leading the district in securing safety inspection stickers, about 80 per cent of these having been issued. There are five authorized inspection stations in Hamlin.

Parents are invited to attend the P-TA meeting, scheduled to begin at 3:45 p. m. Thursday at the Hamlin Primary School cafeteria.

Hamlin Future Farmers of America Place in Several Events at Abilene Trials

Sixteen Hamlin Future Farmers of America boys participated in the annual field day and judging contests at Abilene Christian College Monday, along with 1,100 other boys of the area.

Hamlin entered teams in judging of livestock, dairy cattle, poultry, and land. Two of these teams, dairy cattle and poultry, placed in the top 10 teams.

Individual honors were awarded to Charles Nall, Hamlin second-year FFA boy, who was third high individual in the poultry contest, with more than 200 boys competing. Charles is the son of Mr. and Mrs. Tom Nall.

Davey Weaver, third-year student, tied for seventh and eighth place as high individual in judging dairy cattle. Davey is the son of Mr. and Mrs. Noel (Duck) Weaver.

Mac Reid, also a third-year ag boy, was ninth high individual in land judging. Mac is the son of Mr. and Mrs. Bernia Reid.

This year the judging events were held at the new livestock show grounds in Southeast Abilene. Total teams entered were 299, with three to four boys on each team.

The Hamlin livestock team is composed of Don Drummond, Muri Smith and Lane Fletcher. Dairy cattle team consists of Steve Reynolds, Billy Murff, Davey Weaver and Clifford Green.

On the poultry team are Charles Nall, Carl Weaver, Roy Houghton and Linnie Johnson. Judge judges are Mac Reid, Joe Cowan, Dwight Wallace and Jimmy Blackwell.

Next judging contests for these teams will be at Texas Technological College at Lubbock on April 28, when the Area II teams will be determined for state competition, declare T. C. Blankinship and Harold V. Eades, sponsors of the Hamlin FFA chapter.

FORMER RESIDENTS VISIT. Mr. and Mrs. A. G. Smith of Rule were in Hamlin Saturday, visiting with friends. Former long time residents of Hamlin, the Smiths were welcomed by many old friends.

Sub-Moisture of Area Continues to Give Harvest Hope

Despite the fact that much of the wheat in the Hamlin area is suffering from lack of rains, the chances are still fairly good for a good wheat crop provided moisture comes within the next two or three weeks.

This was the opinion of several wheat growers whom a Herald representative contacted first of the week.

Because the winter rainfall was below normal, pasturing of the wheat fields during the winter and early spring has not been general, but many farmers have grazed the areas some during most of the season.

Even in recent days, several farmers have put stock on the fields, gambling that if it rains during the next few weeks, the stock can be removed from the grain on short order and fairly good crops can be harvested.

County Agent Bill Lehmborg said that grains over the rest of the county looked about like the Hamlin area crop. Where terraces caught rains and snow the green plants are in better shape, he points out.

Lehmborg estimated that about 35,000 acres of small grain is now seeded, which is a decrease from the estimated 58,337 acres planted last year.

Sub-soil moisture is generally good, the agent said, which means that some surface moisture will prove very beneficial to the growing crops.

Churches of Hamlin Show Decided Gains in Sunday School Totals

Sunday School attendance at the various churches of Hamlin last Sunday shows a decided increase over the year-ago totals, a tabulation by The Herald reflects this week. Total for the March 25 attendance was 1,296 compared with 1,152 for the same Sunday in 1955. Last Sunday's total also was 100 more than the total for the previous total of 1,196 for March 18, the figures reveal.

Attendance by churches for March 18, March 25 and a year ago follow:

Church	18	25	Year Ago
No. Cen. Baptist	48	82	62
Oak Gr. Baptist	39	43	41
Mex. Baptist	75	51	32
Ch. of Nazarene	111	110	67
First Methodist	234	266	207
Foursquare	83	71	82
Faith Methodist	37	47	61
Sunset Baptist	52	40	27
Church of Christ	141	154	130
Calvary Baptist	—	—	—
Pentecostal	—	—	—
Assembly of God	—	—	—
First Baptist	376	432	443
Totals	1196	1296	1152

Editor's Note.—Calling of the attendance figures by leaders of each church on Mondays will be appreciated by Your Home Town Paper.

Abilene Man Leads in Nazarene Youth Meet

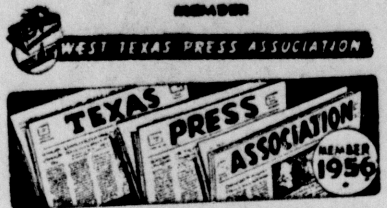

Two more meetings in a series of four being conducted for young people of the community will be held Thursday and Friday evenings at the Church of the Nazarene, according to the pastor, Rev. Donald Wellman.

Leading in the youth services that began Tuesday evening and will continue through Friday evening is Rev. Dick Littrell, pastor of the First Church of the Nazarene in Abilene. The Evangelaires, a quartet, is leading the musical program. The quartet also appeared at the Lions Club and Rotary Club meetings Tuesday and Wednesday, and at the schools.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

From the files of The Hamlin Herald are taken the following items of interest of 20 years ago, being reprinted from the issue of March 27, 1936:

Mrs. S. K. Dillard had as guests the latter part of last week her daughters, Mrs. Sharp of San Angelo, Mrs. Pearl Rudder of Green Staff, New Mexico, and also her grandchildren, Mr. and Mrs. Ray Rudder and baby of Los Angeles, California, and Mrs. Bill Rudder of New Mexico.

In the race for county commissioner of Precinct 1 are G. D. Raney, John C. Turner and S. C. (Bud) Ferguson.

John Ed Day, Ray Willingham and Garland H. Tumlin announce the opening of the Home Lumber Company, Inc. in Hamlin, at the former Gray Lumber Company location.

Merry Makers Club members were entertained in the home of Mr. and Mrs. Ira Clements Thursday evening. Attending were Mr. and Mrs. J. E. Bury, Mr. and Mrs. R. Y. Barrow, Mr. and Mrs. L. E. Griffin, Mrs. G. R. Bennett, Mrs. McAlhane, Dr. and Mrs. Joe McCrary, Mr. and Mrs. Bob Wiar, Mr. and Mrs. J. A. Roberts and Kathryn Atkins.

Mr. and Mrs. Pat O'Donnell and daughters, Marjorie and Patsy, returned Thursday of the past week from an extended visit in California.

TEN YEARS AGO.

Goings-on in the Hamlin community 10 years ago included the following items of interest, reproduced from the issue of The Hamlin Herald dated March 29, 1946:

Cotton yield for Jones County for the year 1945-46 has been officially announced at 42,968 bales. Only about 75 per cent of the area automobiles had been licensed at mid-week, it was estimated by Morgan Insurance Agency, which is issuing the licenses for the Hamlin sector. Deadline for issuing the licenses is Saturday.

Tom Teague, genial manager of Bryant-Link Company, has been named president of the Hamlin Rotary Club.

Sketches of the proposed Hamlin Memorial Hospital have been received by leaders of the movement. Specifications and plans are expected to be ready by June 15, it is announced.

John O. Lewis has been confirmed as new production manager of the Hamlin plant of the Celotex Corporation. He has been active manager since November. Holly Toler was named mayor of Hamlin in voting Tuesday. Named to the new aldermen posts were L. H. McBride, B. M. Brundage and G. R. Bennett.

FIVE YEARS AGO.

Among news items of interest in the Hamlin community five years ago were the following, reprinted from the issue of The Hamlin Herald dated March 24, 1951:

New hope for the safety of Mickey Scott, Hamlin member of the Marine Corps in Korea, was found this week in reports that he was heard from in radio reports from behind the Communist lines, where he has been held a prisoner for many months.

A number of Hamlin golfers are scheduled to participate in the Anson invitational golf tournament this week-end at the county seat.

James G. Richie entered a plea of guilt to theft of a radio from the Woods Wrecking Yard in Hamlin when he was arraigned in justice court in Anson Wednesday. He was fined \$40 and costs by the justice of the peace.

Dorothy Fern Routh, daughter of Mr. and Mrs. Tom Routh of Hamlin, will marry W. L. Brown of Jasper in March 25 rites here, parents of the bride have announced.

ONE YEAR AGO.

Considered news one year ago in the Hamlin community were the following briefs, taken from the issue of The Hamlin Herald dated April 1, 1955:

Little interest in the city and school trustee elections of the coming week-end is being shown. In voting Saturday at the school two trustees will be named from the three on the ticket—Fred B. Moore Jr., Noel Weaver and Olin Amerson. Two city aldermen will be named for the city. A. Spencer and Delma Shelburne are on the ballot.

A city-wide clean-up campaign for Hamlin has been scheduled to begin April 18. Business houses and schools will close

I. R. Huchingson Gets Wink School Post in Action Last Thursday

I. R. Huchingson, former superintendent of schools at Hamlin for 11 years, was officially named as superintendent of the schools at Wink last Thursday. His selection had previously tentatively been made by Wink school board members earlier last week.

He replaces Weldon R. Steele whose resignation became effective July 1. Steele will go into private business.

Huchingson begins his new duties at Wink June 1. He has been in Lubbock for the past several weeks taking a refresher course. Following his resignation as head of Hamlin schools last August, he was connected for several months with the Texas Lions Club Camp for Crippled Children at Kerrville.

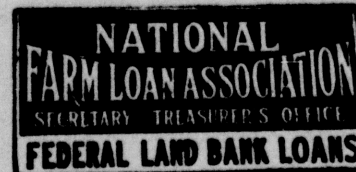

No one is so busy as the man who has nothing to do.—French Proverb.

Hamlin Schools to Get Two Easter Holidays

Hamlin Schools will have two holidays from classes for the Easter season, it was announced Wednesday by Superintendent of School C. F. Cook. These two school days, coupled with Saturday and Sunday, will provide a four-day vacation period.

Classes at all the five Hamlin schools will be dismissed this (Thursday) afternoon and will be resumed Tuesday morning.

SPRING CLEAN-UP TIME CAN APPLY TO CITY, TOO

With the coming of balmy days, and the accompanying budding of trees, greening up of lawns and blooming of early flowers, the people of Hamlin community are already giving cooperation to nature in brightening up the landscape. It is clean-up town hereabouts.

Every spring brings the urge by millions of Americans to lend a hand to Mother Nature to improve the appearance of home grounds. Where the thrifty weeds and obnoxious grasses are wont to grow without man's resistance, trees and shrubs and flowers can be made to grow with a little encouragement. The fact that the beauty of the better rees, shrubs and flowers gets a response in most of us justifies their being propagated.

These beauties of nature make life a lot fuller, bring brightness and color to an otherwise drab and dreary world, and give us all recompense for our labors in cheer and sheer beauty.

And the good citizens of any community should be interested in the community picture, too. One swallow does not a spring make, and neither does one beautiful yard

make an attractive community. To be sure, clean-ups around our own places usually touch off neighbors to doing some of the same, but in order to keep up our community pride and reputation, we must all cooperate to beautify the vacant lots close by our homes and work with others at our City Park and around the beautiful new swimming pool.

City officials have promised a limited expenditure at the City Park toward a beautification program, but the cooperation and assistance of an interested populace will aid materially in the program.

Women's and civic clubs are pledging their support to community clean-up and beautification, and the assistance of still others is desired. This is our community, and its appearance reflects its citizens' civic pride and interest.

Are you satisfied with your community's appearance? Show your interest by seeking to do something this spring to improve your own neighborhood's appearance and that of your City Park. All of us working together can carry out a major program. Can you be counted on to do your part?

Too High a Price

The Herald of Brownsville has printed a thoughtful editorial on the farm problem and its political repercussions. It touches on the situation facing livestock producers and other farmers, and on the varied stratagems with which the major political parties are seeking to gain the farm vote. Then it says: "Certainly we would like to see some system which will insulate agriculture against catastrophic drops in net income. Above that, however, our farmers generally feel that our best bet lies in free and untrammelled production. We know that any government program which attempts to maintain prices through artificial juggling of the laws of supply and demand and interlocking price relationships inevitably brings with it some type of production marketing controls.

"This in turn hamstring the productive genius of our farmers and removes the privileges of adapting our production and distribution methods to the demands of the market place. This is too high a price to pay in order to assure prosperity of some farmers."

It could be added that the kind of "prosperity" that government aid and controls produces is a frail reed indeed, subject as it is to the ever-changing political winds. And it is certainly evident that the taxpayers of the country cannot forever subsidize farm production which goes into storage, not consumption. The bill for that now has run far into the billions and the whole surplus problem is extremely critical.

The ultimate solution to the farm problem will be found within, not without, the world of agriculture itself. Political "solutions" usually just make bad matters worse.

Unworthy Artist

In a public museum in Vienna is exhibited the piano used by the great Prussian composer, Ludwig van Beethoven. An American girl tourist walked casually toward it, and staring herself on the stool, ran off a careless air. Then, turning to the attendant, she asked whether there had not been great pianists to inspect the instrument. The attendant informed the young lady that a short time before, Ignace Paderewski had made a pilgrimage to the shrine.

"Paderewski?" inquired the girl. "And surely he must have played something most beautiful on this old instrument."

"On the contrary," replied the attendant, "Mr. Paderewski did not feel worthy of touching it."

South Dakota Style

South Dakota is a debt-free state. In addition, after paying about \$10,000,000 in veterans' bonuses it recently was able to reduce taxes.

The Lennox, South Dakota, Independent says, "While the nation and virtually all other states have expanded their public debts, South Dakota has been reducing its obligations. An extra tax, such as the sales tax to pay the bonus, nearly always is retained. But not in South Dakota."

Officials of the other states should "go to school" in South Dakota and learn how this splendid achievement was made possible.

A free nation is like that garden. It must be everlastingly guarded against enemies within as well as without who would gradually seal our freedoms away, until the stage is set for the final destruction of representative government dedicated to maximum liberty and opportunity for all.

Editorial of the Week

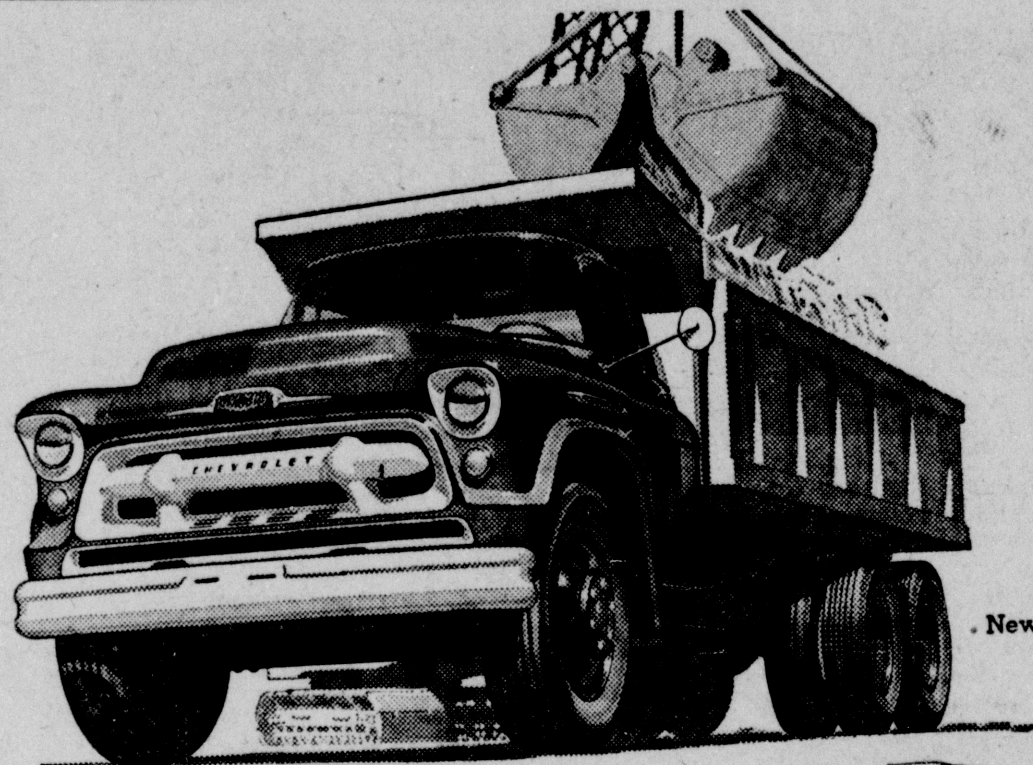

A NOT TOO COMMON LANGUAGE

Britons, pleased by President Eisenhower's decision, do not, however, foresee him running for office! No. To quote British headlines, he will "stand." So once again we see Britons and Americans divided, as they often are but rarely seriously, by a not quite common language.

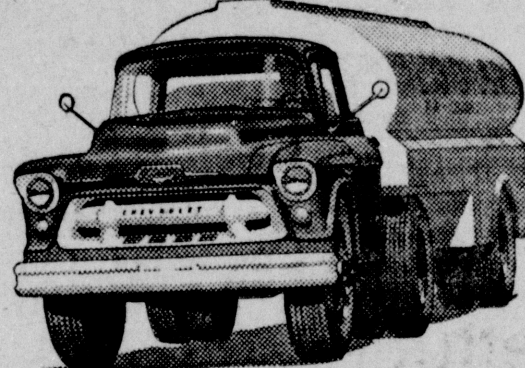

To the ceremonious Briton the imagery of running for office seems somewhat undignified. But in this, as in other nations, they may observe, Americans seem to be always in a hurry.

In Britain there is time to "stand" for the office, although even the most poised British politician knows that he may find it well, as did Mohammed, eventually to make some move toward the mountain. And when he does move, the chief difference between the British and the American politician turns out to be merely the accent, not the stance or the gait.

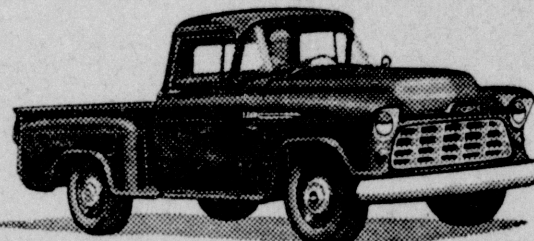

Britons are less surprised, however, than one might suppose by the vagaries of the American language and the modern American scene. Lewis Carroll prepared his countrymen for these when he had his Red Queen expatiate on regions where one is. Being already in office, Mr. Eisenhower would in a less extraordinary country only have to stand to stay there. Britons well understand that in America he must run to do so.—The Christian Science Monitor.

LOOK! NEW WAYS TO BRIGHTEN YOUR EASTER TABLE!

1 Easter Bunny Salad
Mold fruited lemon gelatine in 9" round pan. Cut 4 faces with round cutter and arrange on lettuce cups lined with cottage cheese. Cut 8 ears. Eyes are cherry halves; noses are candy hearts; whiskers are coconut.

2 Sweet Potato Crunch
Add a few thin slices of unpeeled orange to boiled, peeled sweet potatoes. Top generously with coarsely chopped peanuts. Pour syrup over all and bake according to your favorite recipe.

3 Mustard Cheese Sauce
(Fine on asparagus, and broccoli, too!) To 1 1/2 cups medium white sauce add 1/2 cup shredded sharp cheese, 1 tbsp. prepared mustard, 1/2 tsp. Worcestershire sauce. Pour over asparagus, garnish with egg slices.

4 Walnut-Cheese Sticks
Delicious served with fruit juice or fruit cocktail. Roll pastry, cover half with shredded sharp cheese. Fold and re-roll. Cover top with chopped walnuts. Roll lightly, cut in strips, bake 'til golden.

5 Easter Egg Chocolate Pie
Drop spoonful of sweetened whipped cream on each wedge of pie, top with green-colored coconut. (Shake coconut in jar with drop of food coloring and water.) Fill nests with small jelly beans.

Standing Committees Announced by Fifty-Two Study Club President-Elect

New standing committees for the Fifty-Two Study Club were announced by the president-elect, when members of the club met in the home of Mrs. R. L. McClung Tuesday morning. Co-hostess at the session was Mrs. L. C. Bonds. Mrs. Dean Witt presided in the absence of the president, Mrs. Wilson Brannon. The club collection was led by Mrs. Gene Westmoreland.

It was reported that the chairman of Texas heritage, Mrs. J. T. Nix, and Mrs. E. J. Hawkins have made slides of the H. F. Martin ranch to be included with the Old Chittenden Ranch series.

The club voted that a book be donated by each member to the new Hardin Memorial Library. Mrs. Ned Moore will accept the books.

Convention reports were heard from the delegate, Mrs. Wilson Brannon, and Mrs. Noel Weaver. Mrs. Irby Weaver, Mrs. Cecil Sellers, Mrs. Dean Witt and Mrs. Gene Westmoreland, who attended the meeting, held at Weatherford. A certificate was presented to the club for having 100 per cent subscribers to The Texas Club Woman magazine.

The club had honorable mention in club ethics, yearbook and national defense. Awards in second place were: Scorecard of 100 per cent, and pioneer personalities. First place awards were: Friendship, international understanding and leadership development.

Mrs. Wilson Brannon, president received the honor of leadership development at the president's dinner at the Weatherford convention, when she was named as "Outstanding Club Woman of the First District" by Mrs. Dave P. Walker, chairman of leadership development.

A scrapbook is being made of Mrs. Brannon, to be entered in the state convention contests on May 7 at Dallas.

President-elect Mrs. Dean Witt announced her standing committees as follows:

Program—Mmes. Joe League, Byron O. Bell and Gene Westmoreland; budget and finance—Mmes. Gerald Young, L. C. Bonds and W. S. Seals; membership—Mmes. J. T. Nix and Noel Weaver; telephone—Mmes. Byron O. Bell and Gene Westmoreland.

Participants on the program were introduced by Mrs. L. C. Bonds, director; Mrs. Ned Moore, whose topic was "Know and Grow Through Libraries"; Mrs. Harry Martin, whose topic was "Scholarships."

Coffee, pecan rolls, cantaloupes and strawberries were served to 18 members.

PURPOSEFUL.

Parson—"I was sorry for your wife in church this morning when she had a terrific attack of coughing, and everyone turned to look at her."

Hubby—"You need not worry about her, parson. She was wearing a new hat."

Summer Salads Used In Demonstration at Friendship Club Meet

The program was on "Summer Salads" when members of the Friendship Home Demonstration Club met Friday afternoon at the oil mill guest house in regular session.

Roll call was answered with suggestions for garden hints. The council report was given by Mrs. Fred Young. She announced that a tea and book review for county-wide clubs will be held at Anson in May. Two new clubs have recently been organized in Jones County, she announced.

The club's food demonstrators, Mrs. Ray Johnson and Mrs. Jap Kemp, presented the program on "Summer Salads."

A salad plate was served to Mmes. Harry Gardner, Grady Smith, R. S. Johnson, Jap Kemp, Fred Young, Jack Collins, John Hix, Gean Witt and Linda, Ed Branscum, Ester Hastings, M. S. Johnson and Sol Branscum. Hostesses for the day were Mmes. Harry Gardner and John Hix.

Next meeting of the Friendship group will be April 13 at the club house, when a white elephant sale will be featured. Roll call will be answered with "Care of the Kitchen" pointers. Program will be on "Low Calorie Refreshments" by Jimmie Lou Wainseott, county home demonstration agent.

Program on Art Featured at Meeting Of Bet Sigma Phi Unit

A program on art was featured when members of the Beta Sigma Phi met Tuesday in the home of Mrs. Ed Boaz.

Members were served dessert and coffee as they arrived, who were Mmes. H. L. Mehaffey, Garland Preston, Earl Smith, Wilson Brannon, Brad Rowland Jr., Arlie Cassie, Jess Parrish, Truman Nix and Billy Joe Wilson.

After a brief business session, Mrs. Jess Parrish discussed different arts in connection to man but pointed out that music had proven to be the main art of man. Mrs. Parrish declared that music can portray every mood. By the use of a recorded selection, "The Moldan" she demonstrated the use of descriptive music.

CLOSE-OUT SPECIAL—We are closing out all Ballerina Pottery; come in and select your matching pieces at one-third off regular prices.—McMahon Jewelry Company.

By d'Alessio

McCaulley Women See Demonstration on Attractive Trays

Demonstration on "Attractive Trays" was given when members of the McCaulley Home Demonstration Club met Thursday afternoon in the home of Mrs. Frank Kemp.

Program originally scheduled for the day, "Shrubs Adapted to Fisher County: Their Culture and Uses" by Mrs. Louis Boyd, was postponed on account of the cold weather. The demonstration was to have been at the home of Mrs. Holman Boyd.

Mrs. Robinson made the blueberry square cookies, cheese potato chips and coffee which were served to the following members: Mmes. Leo Masser, Louis Boyd, Jerry Maberry, Ted Abbott, Ben Kemp, George Maberry, Ray Maberry, Bill Robinson, C. A. McHone, Glenn Henderson, Tommie Yarbrough, Billy Wayne Jeffrey and the hostess.

Next meeting of the McCaulley group will be in the home of Mrs. Ben Kemp on April 5.

Covered Dish Dinner Given Saturday for Xi Gamma Pi Group

Xi Gamma Pi chapter of Beta Sigma Phi met Saturday in the home of Mrs. C. Weldon Griggs for a covered dish luncheon.

The luncheon table was centered with an Easter arrangement made by Mrs. George Poe. She used colored eggs, chickens and rabbits in a large basket lined with blue paper lace.

Mrs. M. L. Smith presented Mrs. Holly Toler, guest speaker for the day. She reviewed "Auntie Mame" by Patrick Dennis. Mrs. Austin Poe, president of the sorority group, presented Mrs. Toler a gift of appreciation.

Others present were Mmes. James O. Ballard, W. T. Johnson, John C. Bryant, Cliff Reynolds Jr., Jerry Waggoner, E. D. Perrin and Wesley Nail.

A FAIR SWAP.

Husband—"When are you going to quit driving from the back seat?"

Wife—"When you quit cooking from the dining room table."

Mrs. Darris L. Egger Made District Officer

Mrs. Darris L. Egger of Hamlin was elected missionary personnel secretary for the Northwest Texas Methodist Conference Woman's Society of Christian Service at that organization's annual meeting held recently at Stamford.

Attending from Hamlin were Mmes. M. T. Hudson, W. H. Little, G. W. Renfro, D. W. Carlton, Ed Bailey, W. B. Cotten, T. T. Brady, W. H. Parker, Darris L. Egger, A. A. Hackley, L. B. Smallwood, W. H. Pickson and B. H. Gardner.

Theme for the meeting which attracted over 400 women was "That the World May Know."

St. John's Methodist Church at Stamford was host for the meeting.

Hamlin Garden Club Yearbook Accorded District Second Place

Yearbook of the Hamlin Garden Club was accorded special recognition at the district convention of Garden Clubs, held last week at Del Rio.

Mrs. W. B. Britton, president of the local club, has just received a certificate of award for winning of second place in the district.

In presenting the certificate, Mrs. Bowdry, district governor expressed regret that none of the Hamlin women were present at the Del Rio session to receive the honor.

"Mrs. Bowdry spoke very highly of the Hamlin club and its work in the town and county and the place we hold in the district," declared Mrs. Britton.

Maxine Crawford Becomes Bride of Robert S. Fonner in Saturday Rituals

Maxine Crawford and Robert S. Fonner repeated wedding vows in an impressive single ring ceremony Saturday evening at 6:00 o'clock in the home of the bride's mother in Hamlin. Performing the rituals was Rev. Miles B. Hays of Lueders, former pastor of the Hamlin First Baptist Church.

The bride is the daughter of Mrs. J. J. Crawford, and the bridegroom is the son of Mr. and Mrs. T. R. Fonner of Willshire, Ohio.

An improvised altar was formed in the living room of the Crawford home, where white gladiolas, chrysanthemums and ferns were featured in decorations. Mrs. Marvin Carlton played piano numbers preceding the rites.

Hamlin Homemaking Girls Model Project Dresses at Review

"Our first model is Wyvonne Conner," announced Betty Maberry, commentator for the style show presented Monday night at the Future Homemakers of America meeting at Hamlin High School. The next models followed in the order of Barbara Waldon, Ernestine McWright, Billie Diney, Joe Fay Hames, Judy Parker, Shirley Griffin, Emma Payne, Gloria Rodgers and Louise Lakey. These girls modeled the projects that they made in the homemaking I classes.

"Hello, ladies," greeted Mary Jo Hubbard, narrator for the civil defense program. As Mary Jo gave some of the causes of accidents and ways to prevent them, she was assisted by Annette Smith, Mary Lou Ellison, Ruby Campbell, Pauline Mayfield, Vernele Johnson, Jean Loper, Ora Mae Stapler, Joy Crawford and Wanda Brown, who presented various skits.

Principle must be above expediency if our political system is to endure.

Naomi Sunday School Class Stages Social

Mrs. Connie O'Neal presented the devotional when members of the Naomi Sunday School Class of the First Baptist Church met Friday evening at the church in the regular social meeting of the group. Hostesses were Mmes. Leona Carter and Ruby Brown.

Billy Goodman opened the session with prayer, and Mrs. Vincia Walton, the teacher, offered the closing prayer.

The hostesses served cake, coffee and cold drinks to Mmes. Ola Waymire, Flossie Pace, Lula Mae Crawford, Betty Miller, Eva Eades, Mattie Lafler, Carl Young, Erma Hall, Jewel Mayfield and Dena Branscum.

For Easier Living-Choose a New Frigidaire Range!

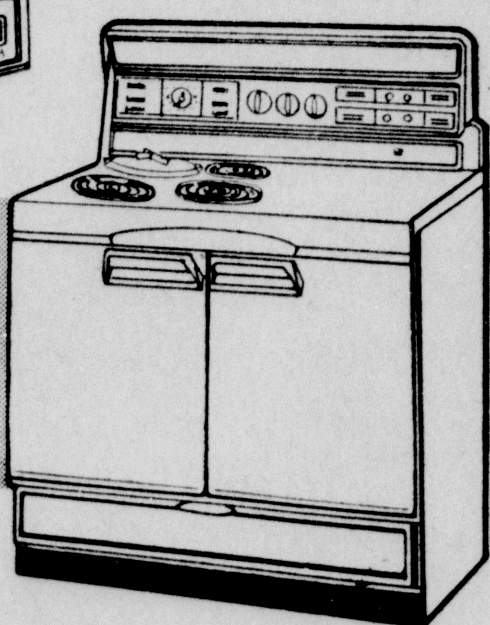

The Frigidaire Cook-Master will turn your oven off and on... cook as little or as long as you like. Just place the food in the oven and set the Cook-Master and that's it.

The Frigidaire Multi-Duty Thermizer is so versatile... it's like having a master chef in your kitchen. It fries, blanches, bakes, warms, steams, stews, boils, braises or pops! Use it up or down.

The Frigidaire Easy-View Controls eliminate guesswork. You always know what heat you're using... and to give you more flexible cooking, a new indicator gives you an infinite number of cooking temperatures.

The Frigidaire Rotisserie (an optional feature) lets you enjoy outdoor-type barbecued treats cooked inside your kitchen. It's automatic and self-basting, too!

"Of Course, it's Electric"

The Imperial Frigidaire Range Only \$504 Per Week

Other Frigidaire Ranges start as low as \$224.94, installed

Congressman Burleson Urges Patience In Dealing with Our Western Allies

A Texan's pride away from home may sometimes be a dangerous thing, declares Congressman Omar Burleson in his weekly news release to The Herald from the nation's capital, "Washington: As It Looks From Here." He continues:

However, from our standpoint we think we can justify it most of the time. An article in one of the large Washington papers carries a dateline from Avoca, located in my home county of Jones, to the effect that a state scoring record in basketball has been set by the Avoca High School basketball team.

Naturally, this has been brought to the attention of quite a few people in Washington.

feet underground to take the water off to a place of disposal. It will not then rise to the surface to kill growing things.

E. W. Hendrick, manager of the Southwestern Plastic Pipe Company in Mineral Wells, a division of the Texas Vitrified Pipe Company, hopes to sell these people on the idea of using perforated plastic pipe to do the job. The manufacture of vitrified and plastic pipe in Mineral Wells is a fine industry for our part of the country.

"Charity does begin at home but too often fails to get any farther."

Who's New This Week

Mr. and Mrs. Bob White of Monroe, Louisiana, announce the birth of a daughter on March 12. Weighing nine pounds 12 ounces, the little miss has been named Betty Bob. Maternal grandparents are Mr. and Mrs. Frank Lattler of Hamlin.

Sixteen new citizens have been recorded at Hamlin Memorial Hospital during the past three weeks, during which period the regular hospital reporter was unable to make records for The Herald.

Ten of these were girls and six were boys. They are:

A girl for Mr. and Mrs. Ben Gonzales of Hamlin was born February 23 at 3:40 a. m. Weighing seven pounds two ounces, the little sonora has been named Dorotea.

A girl for Mr. and Mrs. L. E. Touchon of Amarillo arrived February 27 at 10:50 p. m. She will answer to Karen Denise. She weighed six pounds 13 1/2 ounces.

A boy for Mr. and Mrs. C. R. Huckaby of Rotan checked in on March 6 at 7:25 a. m. Tipping the scales at six pounds five ounces, he has been labeled Ricky Charles.

A boy for Mr. and Mrs. Kenneth Cary was born March 8 at 8:15 p. m. After having his weight checked at seven pounds 10 1/2 ounces, he accepted Joe Wayne as a moniker.

A girl arrived for Mr. and Mrs. Lester Hill of Hamlin March 9 at 6:35 a. m. She will answer to Cheryl Denis. Her arrival weight was seven pounds one ounce.

A boy was born to Mr. and Mrs. A. B. English of Monahans at 11:25 a. m. March 9. Weighing eight pounds, he accepted the moniker of Michael Duff.

A girl for Mr. and Mrs. Robert Rangel of Hamlin arrived March 10 at 6:52 a. m. She says the name Maria Estella will suit her. Her weight was seven pounds three ounces.

A girl came to live with Mr. and Mrs. Van Graham of Hamlin on March 10 at 12:35 p. m. After balancing the beam at six pounds 15 ounces, she was named Kathy Jo.

A girl arrived for Mr. and Mrs. Jerry Waggoner of Hamlin March 13 at 8:45 a. m. Jeri Ann has been assigned for a name to the little miss who weighed seven pounds five ounces.

A girl arrived for Mr. and Mrs. James Hill Rutherford of Aspermont on March 16 at 2:10 a. m. Weighing six pounds 11 ounces, she has been named Kathy Anita.

A girl was born to Mr. and Mrs. C. L. Reid of Abilene on March 18 at 8:20 a. m. After weighing in at seven pound five ounces, she was assigned Afonda Jean as a handle.

A boy arrived for Mr. and Mrs. Burl Jameson of Aspermont on March 18 at 3:05 a. m. Weighing a light four pounds 12 ounces, he was named Joe Wayne.

A boy chose for parents Mr. and Mrs. Brady Shadle of Aspermont on March 20 at 4:00 a. m. After weighing in at eight pounds 7 1/2 ounces, he was named Roy Kollin.

A boy arrived for Mr. and Mrs. Bobby Roy Rutherford of Aspermont March 22 at 11:08 a. m. He will be known as Jackie Glenn. His birth weight was seven pounds 15 ounces.

A girl for Mr. and Mrs. Parker Kelly of Hamlin was born March 25 at 10:40 a. m. The little miss, who weighed seven pounds eight ounces, has been named Voletta Elaine.

A girl was born to Mr. and Mrs. E. O. Ford of Abilene on March 26 at 12:58 a. m. Weighing seven pounds 15 1/2 ounces, she accepted the name Diane Elaine.

MISS SERVICE STATION—Jackie Broadway (above) of Beaumont has been named Miss Service Station of East Texas. She will represent East Texas at the Texas Service Station Association convention in Houston in April.

Butcher Hogs Hit Highest Peak in Five Months Despite Heavy Run at Markets

Butcher hogs advanced 25 cents per 100 at Fort Worth Monday, and choice type hogs sold for \$14.75 to \$15, the latter being the highest prices at Fort Worth since the last of October, according to Ted Gouldy, special market reporter of The Herald, in his weekly release, which continues. Less desirable weights and grades, cashed at \$10.50 to \$14.50. Sows drew \$9.50 to \$11.50.

Runs have been steadily declining across the midwest for the past three weeks and the big price has been strengthening accordingly. Despite the increased offerings Monday, which were 10,000 ahead of the same day last week, the hog prices continue to show strength.

Packers report inventories of pork in a good position, and the government purchase program on pork and boned canned hams has hams in far less pressure than was the case last year just before Easter.

Cattle movement to market was again smaller Monday than a week ago, and was well behind last year at this time. However, salesmen at Fort Worth found their efforts to raise prices unavailing in the face of stern buyer resistance.

The trade was slow and just about steady on both slaughter and stocker varieties of cattle and calves. The continued dry conditions in many parts of the Southwest has caused increasing concern and this factor is reflected in the more narrow outlets for replacement stock.

Comparative prices: Good and choice slaughter steers and yearlings, \$15 to \$18; heifers \$17.50 down; common and medium grades, \$12 to \$15; fat cows, \$11 to \$12.75; canners and cutters, \$7 to \$11; bulls, \$10 to \$14.50; good and choice slaughter calves, \$16 to \$19; lower grades, \$10 to \$12.

Clawsons Honored on Fiftieth Anniversary Sunday at Home Here

Mr. and Mrs. W. J. Clawson, pioneers of the Hamlin territory were honored on their fiftieth wedding anniversary Sunday at their home in Hamlin by relatives and friends.

Two daughters, Mrs. Martha Bogle and Mrs. Maggie Lutz, 18 grandchildren and 10 great-grandchildren were present to share in the celebration.

W. J. Clawson was born in Coryell County January 1, 1874, and Mrs. Clawson was born in Bell County on December 30, 1883, as the daughter of Mr. and Mrs. George Spaulding. They were married in 1906 in Brown County, and four years later, in 1910, moved to Jones County. For many years Mr. Clawson operated a blacksmith shop on the Aspermont highway in North Hamlin.

Attending the Sunday festivities were Mr. and Mrs. Alvin Conner and children, Lyla, Frankie, and Connie; Mr. and Mrs. Maggie Lutz and children; Mr. and Mrs. Waller and Alta, Ray, Luther, Nora May and Georgie; Mr. and Mrs. R. T. Bogle; Mr. and Mrs. W. A. Bogle and children, Betty, Sonya and Nancy; Mr. and Mrs. G. C. Bogle and children, Jackie and David; Mr. and Mrs. R. T. Bogle and children, Johnny, Lean, Joe Ed, Ann, Dan and Arthur; Mr. and Mrs. Lee Wayne Butler. Visitors other than the family included Mr. and Mrs. Paul B. Sanders and son, E. C.; and Mrs. Lloyd Boren and children, Sharon, Carolyn, Lloyd and Glenda.

Estimated 17 from Jones County Join Army in February

An estimated 17 young men from Jones County entered the armed forces during February as part of the 3,470 Texans joining the military and 3,928 were separated during the same time. By the same percentage about 19 Jones County young men would have separated from the service.

This was revealed Tuesday in a report made by state selective service headquarters at Austin to national selective service headquarters in Washington.

Of the 3,470 individuals entering the uniformed services from Texas in February, only 314 were drafted, the remainder entering by enlistment or other voluntary means.

"Actually, about 29 per cent of the 314 men who were drafted were enlistees," Colonel Morris S. Schwartz, state director of selective service said.

He explained that a provision of the selective service regulations allows men from the age of 17 to 26 to volunteer for induction through draft boards. Seventeen-year-olds must have their parents' or guardians' written consent.

CANDIDATE—J. Evetts Haley of Canyon has announced that he will be a candidate for governor of Texas in the forthcoming elections.

A ladies' society in a sheltered southern town took up as one of its chores writing to convicts at the state penitentiary to cheer them up. They didn't know the names of the prisoners, just their numbers.

One old lady, seeking to put her correspondence on a more friendly plane, wrote to her inmate: "Dear 6883954, may I call you 688?"

Key School Leaders Reelected for Year By Trustee Board

Key school personnel were reelected at the last regular meeting of the school board of the Hamlin Consolidated Independent School District, it was announced this week. These included principals for all five of the school of the district.

Superintendent C. F. Cook was given a three-year contract last fall. Those named in the recent meeting were given one-year contracts.

Reelected were: B. V. Newberry, high school principal; Marvin D. Carlton Jr., junior high school principal; Odean Murgree, elementary school principal; Mrs. Fred Smith, primary school principal; E. S. Morgan, DePriest school principal; T. C. Blankinship, vocational agriculture instructor; Truman Nix, head athletic coach; Jess Parrish, band director.

Other members of the faculty will be employed at the next regular meeting of the board, Superintendent Cook said.

Get carbon paper at the Herald. See The Herald for paper clips.

"The horse I was riding wanted to go one way, and I wanted to go another."
"Who won?"
"He tossed me for it."

THE GOLDEN DAY

The bell rings, and its message is a clarion call across the countryside. Beneath it, white lilies touched by the sunlight look upward toward a cloudless sky.

This is Easter... the golden day... the day of promise and joy. This is the time when God proffers the great gift of eternal life... when he shows, in the lesson of the Tomb... that there is no death.

There is no more joyous occasion in the Church than Easter. Against the setting of Spring, it touches the land with beauty, bringing a new upsurge of hope, thrilling the young, comforting the old. Easter is the time to rededicate your faith... to listen again to a wonderful promise... to receive again a glorious gift. Start attending Church regularly by beginning at Easter.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in our lives for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Bible daily.

JONES COUNTY:
For Representative, 85th District: MOYNE L. KELLY
For County Assessor-Collector: IMA B. DOUGHERTY
For Commissioner, Precinct No. 1: JOHNNIE AGNEW
For Sheriff: O. D. (DOYLE) WOODY
DAVE REVES (reelection)

Safety Inspections Of Area Cars Lags As Deadline Nears

Hamlin area motorists are reminded this week that safety inspections of cars and trucks are being made at a slow pace, after consultations with the seven approved inspection stations in Hamlin by Texas Highway Department officials.

A similar trend is reflected by motorists of most of the state. Safety inspections of the nearly 4,000,000 motor vehicles registered in Texas is "falling seriously behind schedule" with the official deadline only four weeks away.

This was reported this week by the Highway Safety Council of Texas after a spot check of authorized inspection stations for the week ending March 10.

Executive Director G. C. Morris of the council said that inspections had "held to a satisfactory pace until January, but inspection stations—particularly in metropolitan areas—report that the required safety checks have been falling seriously behind schedule during the past six weeks."

"In some areas," Morris reported, "motorists seem to have forgotten about inspections altogether and activity has come to a standstill."

Deadline for the inspection of vehicles registered in Texas is April 15.

NOT ALL NASTY.

An old crossroads merchant wrathfully wrote a debtor who had promised time and again to settle a long delinquent account.

"You are just a mule-eared liar. If you don't settle up, I aim to clobber you until there won't be nothing left but a pair of suspenders and a wart. I want my money and I want it now."

He signed his name with a flourish, re-read the letter with grim satisfaction, then added the postscript, "Please excuse the pencil."

Your watches and other jewelry will give you dependable service if given care and occasional check-ups.

State Capitol NEWS

By Vern Sanford, Manager, Texas Press Association.

Austin—Texans are going to have their say, if candidates have their way.

Most candidates seem to be falling into the same pattern. They want letters from the "folks"—telling them to run for office. Some want 10,000 letters, some 25,000. Some just want letters.

It's a new way to solve the postal deficit.

Senator Price Daniel said he received within a week more than 25,000 letters.

Another "letter man," W. Lee (Pappy) O'Daniel, says he's been getting them by the basketful.

Ralph W. Yarborough reports that he has received reams of unsolicited letters urging him to run.

Another gubernatorial candidate, J. Evetts Haley, had this to say, "I didn't have to ask a single soul—much less 25,000 people—if I could run."

In a fiery verbal blast, Texas Press Association president Russell W. Bryant of Italy told more than 100 newspapermen and women at a North and East Texas Press Association convention in Tyler that C. T. Johnson of Austin is ineligible to become a candidate for lieutenant governor.

Bryant distributed copies of a deposition taken in the 126th District Court at Austin on October 1, 1953, in which Johnson testified under oath that he spent only \$125 in traveling the length and breadth of Texas while campaigning for lieutenant governor in 1954.

According to Bryant, Johnson testified he had driven 12,000 to 15,000 miles and that his total traveling expenses for the entire campaign period, as reported by him to the secretary of state amounted to \$125—for gasoline, oil, tires, repairs, batteries, lodging and meals.

Filing of an inaccurate expense report excludes Johnson from becoming a candidate, under state laws, Bryant said.

"You and I know that there isn't a standard make automobile on the road today that doesn't cost nearly two cents a mile for gasoline alone," Bryant told the convention delegates.

Texas' capitol area soon will take on a new look. Governor Allan Shivers showed the Austin City Council plans for the expansion and addition of two ultra modern buildings, plus nearly three blocks of additional grounds.

Sites, maps and architects' sketches for the new state office building and Supreme Court building were presented to the council. Both will be \$3,000,000 structures.

The court building will be located a block northwest of the capitol, and the office building a block northeast. They will face the capitol and be joined by a 1½-block mall across Congress Avenue. Space for additional parking areas also is included in the plan.

Shivers also announced that the granite quarry near Marble Falls, from which granite used in con-

struction of the capitol was taken, has been reopened. It is planned to use granite from the same source for the new buildings.

Shivers is chairman of the state building commission which plans to begin immediately to acquire the necessary sites for the expansion. Contracts probably will be awarded next fall.

Financing of the building project, largest in the state's history, was made possible by a constitutional amendment allocating the surplus from the confederate pension fund for state buildings.

Vigorous action on many fronts is needed to combat Texas' climbing crime rate, said speakers at the attorney general's conference on law enforcement in Austin. Some conclusions, after the four-day conference:

By Attorney General John Ben Shepperd: Travis County should have an extra district court, two grand juries and a special appropriation for the district attorney's office.

By Department of Public Safety Director Homer Garrison Jr.: Since soaring juvenile delinquency can be principally laid to parents' failure to provide good citizenship training, Texas should have a law holding financially responsible parents of youngsters who wantonly destroy property.

By Prison Board Member Dr. George Beto: Texas prison system needs \$8,500,000 to build housing for increased number of inmates, and must find additional profitable industries to offset upkeep costs.

By James P. Economos, director of the American Bar Association's traffic court program: All persons charged with moving traffic violation should be required to appear personally before the traffic court judge.

By Attorney-At-Law Stanley Gardner: Law enforcement has suffered from the outmoding of corporal punishment in the home and school.

Acreage of principal Texas crops will be reduced by about 660,000 acres this year, the U. S. Department of Agriculture announced.

Accounting for most of the reduced acreage will be drops in cotton, rice, peanuts, corn and oats. Flaxseed, Irish and sweet potatoes also will be curtailed. Only hay will be increased, and wheat will remain unchanged.

Short Snorts: Fifty students from the State School for the Blind are receiving swimming lessons. The Austin Lions Club is paying all custodial fees, and the Girl Scouts and Red Cross Water Safety Service Corps are taking part in the project.

Dr. J. E. Peavy of the State Health Department announces that polio cases this year showed a gain over 1953. Cases reported total 140 against 92 last year. More than 40 per cent of children under 10 have received at least one anti-polio shot, he said.

BOMBER CRASH KILLS SIX—Crash scene and wreckage of a B-25 bomber on a routine training mission from James Connally Air Force Base which crashed 10 miles southeast of Franklin, killing six officers. Cause of the crash has not been determined.

Charlie Shipman Is Honored on Birthday By Children at Home

Charlie Shipman, Hamlin area pioneer, was honored on his seventy-sixth birthday Sunday as his wife and four of their six children planned the celebration.

The day was spent feasting and visiting, recalling old times and picture taking.

Children and their families here for the birthday celebration were Mr. and Mrs. Fred Sledge of Wichita Falls, Mr. and Mrs. J. E. Shipman and family of Lubbock, Mrs. John Wisdom of Haskell, and Mr. and Mrs. Elvis Shipman of Stamford.

Others present for the get-together were three sisters, Mrs. Bettie Seifres, Lennie and Letha of Rule, Mr. and Mrs. Willie Ails of Hamlin, Mr. and Mrs. J. C. Ails and family of Rotan, Pat Thompson of Newcastle, Wyoming, Mr. and Mrs. Emmitt Sledge and children of Gham, Mr. and Mrs. Don Roberts and family of Haskell; two friends, Rev. R. B. Hiner and E. C. Davis of Hamlin.

Mr. Shipman came to Jones County in 1902, and moved to Hamlin in 1904, and he has lived in this community most of his life. He is a retired blacksmith and farmer.

Eight Awards Go To Cub Scouts and Leaders at Session

Awards went to six Cub Scouts and two leaders as a feature of the monthly Cub pack meeting Monday evening at the Primary School cafeteria.

Following the opening of the session with the singing of "America," the following program was presented: Den I: Freddie Shave played the accordion and George Stovall rendered piano numbers; Den II: The group sang "The Three Little Fishes," Den III: The boys sang "My Country 'Tis of Thee," and piano selections were given by Jimmy Inzer, Gary Ted Jay and Jaylon Fincannon; Den IV: This unit gave a skit entitled "The Operation."

Awards were presented to the following Cubs by Starr Inzer: Tommy Hill, Jackie Townley, Tommy Robertson, Ronnie Sipe, Charles Dodd and Jimmy Inzer.

Limited Amounts of New Cotton and Milo Seed Available Now

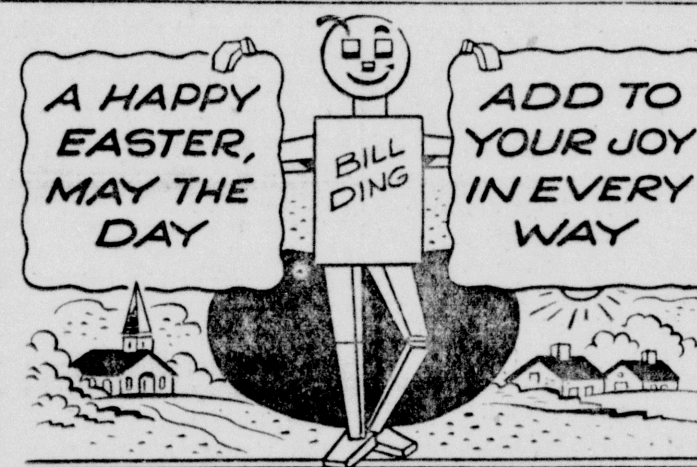

Word has been received in the county agent's office of the availability of a limited quantity of high quality seed under the Texas seed certification program. They have state registered Stormmaster cotton seed and state certified Redbine 66 combine milo.

Stormmaster was developed at the Lubbock agricultural experiment station. Staple length is seven-eighths to one inch and it takes an average of 1.875 pounds of stripped cotton to provide 500 pounds of lint.

Those interested can get further information from A. W. Young of the Tech Agronomy Department.

Den mother cards were given to Mrs. Gene Prewitt and Mrs. Robert Todd.

A gift was presented to Mr. and Mrs. Joe Stephens in appreciation of their work in Cub Scout ing by Bill Richie.

LESS ACREAGE

(concluded from page one)
for 1956. Wheat and sorghum plantings will remain about the same.

Hay is the only crop with an increased acreage for the year. The USDA said crop prospects for the eastern half of the state are generally good, but not as promising in the dryland areas of the west and northwest.

Last December, wheat seedings for 1956 harvest were estimated at 4,356,000 acres, but acreage that will be harvested is very uncertain, being dependent largely on rainfall during the next 60 days.

However, acreage loss to date has not been excessive except in the extreme northwestern counties of the Panhandle, where considerable acreage has been blown or chiseled out.

The USDA said growers' March 1 reports indicate plantings of nearly 13,800,000 acres of feed grains—grain sorghum, corn, oats and barley—about 300,000 acres below the 1955 acreage.

The ONLY Really Modern refrigerator in America today...

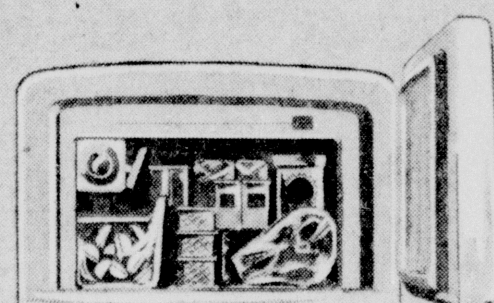

You've never lived until you've used the NEW SERVEL!

Servel gas refrigerator

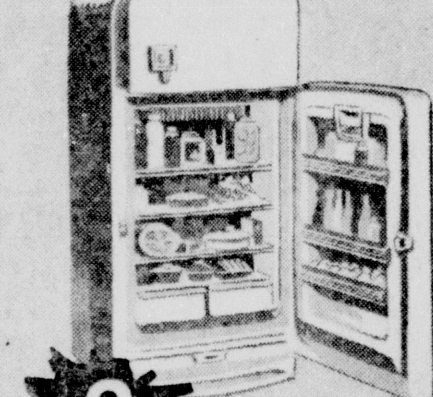

3 great appliances in 1!

1. Automatic Ice Server—Just reach in... take one or a basketful. Only Servel makes ice-cubes without trays and puts them in a basket—AUTOMATICALLY. No trays to fill, spill and refill... no more "slopovers" to mop up.

2. Spacious Freezer—Let's you plan, buy, bake and cook for many meals ahead. It's big—holds 70 lbs. of food, igloo-cold. And it's completely separate.

3. Automatic Defrosting Refrigerator—No more messy defrosting. Servel's Frostender melts frost away automatically—so safe that foods lose none of their flavor and vitamins.

More Reasons Why Servel is the ONLY Really Modern Refrigerator

Adjustable roll-out shelves, In-A-Dor storage, Grip-saver handle and Dew Action Fresheners. What's more—a Servel is trouble-free. There's no moving parts, a small gas flame does all the work. And only with Servel do you get a 10-year warranty on the whole freezing system. No, you've never really lived until you've used the new Servel!

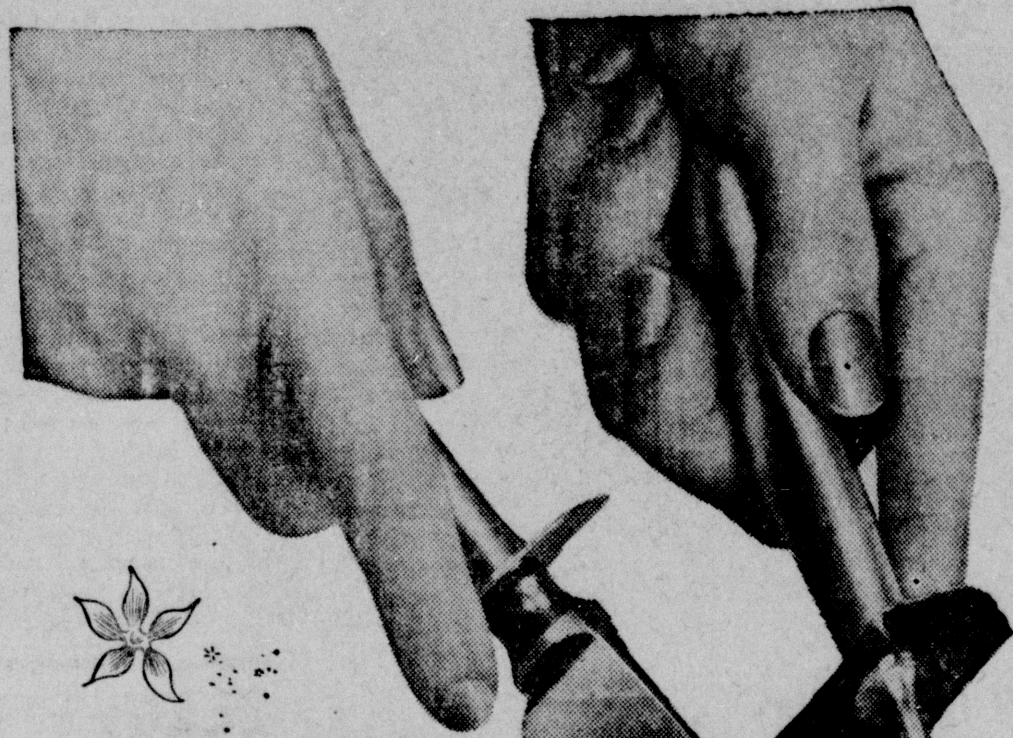

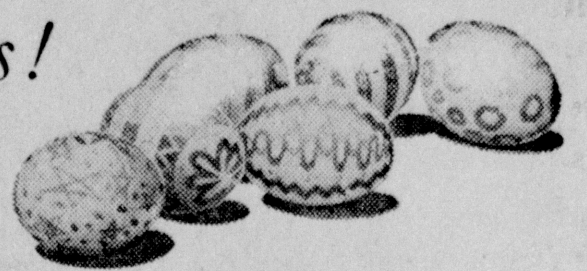

See this exciting Servel Automatic Ice Server Refrigerator TODAY!

Save on Safeway's Big Easter Values!

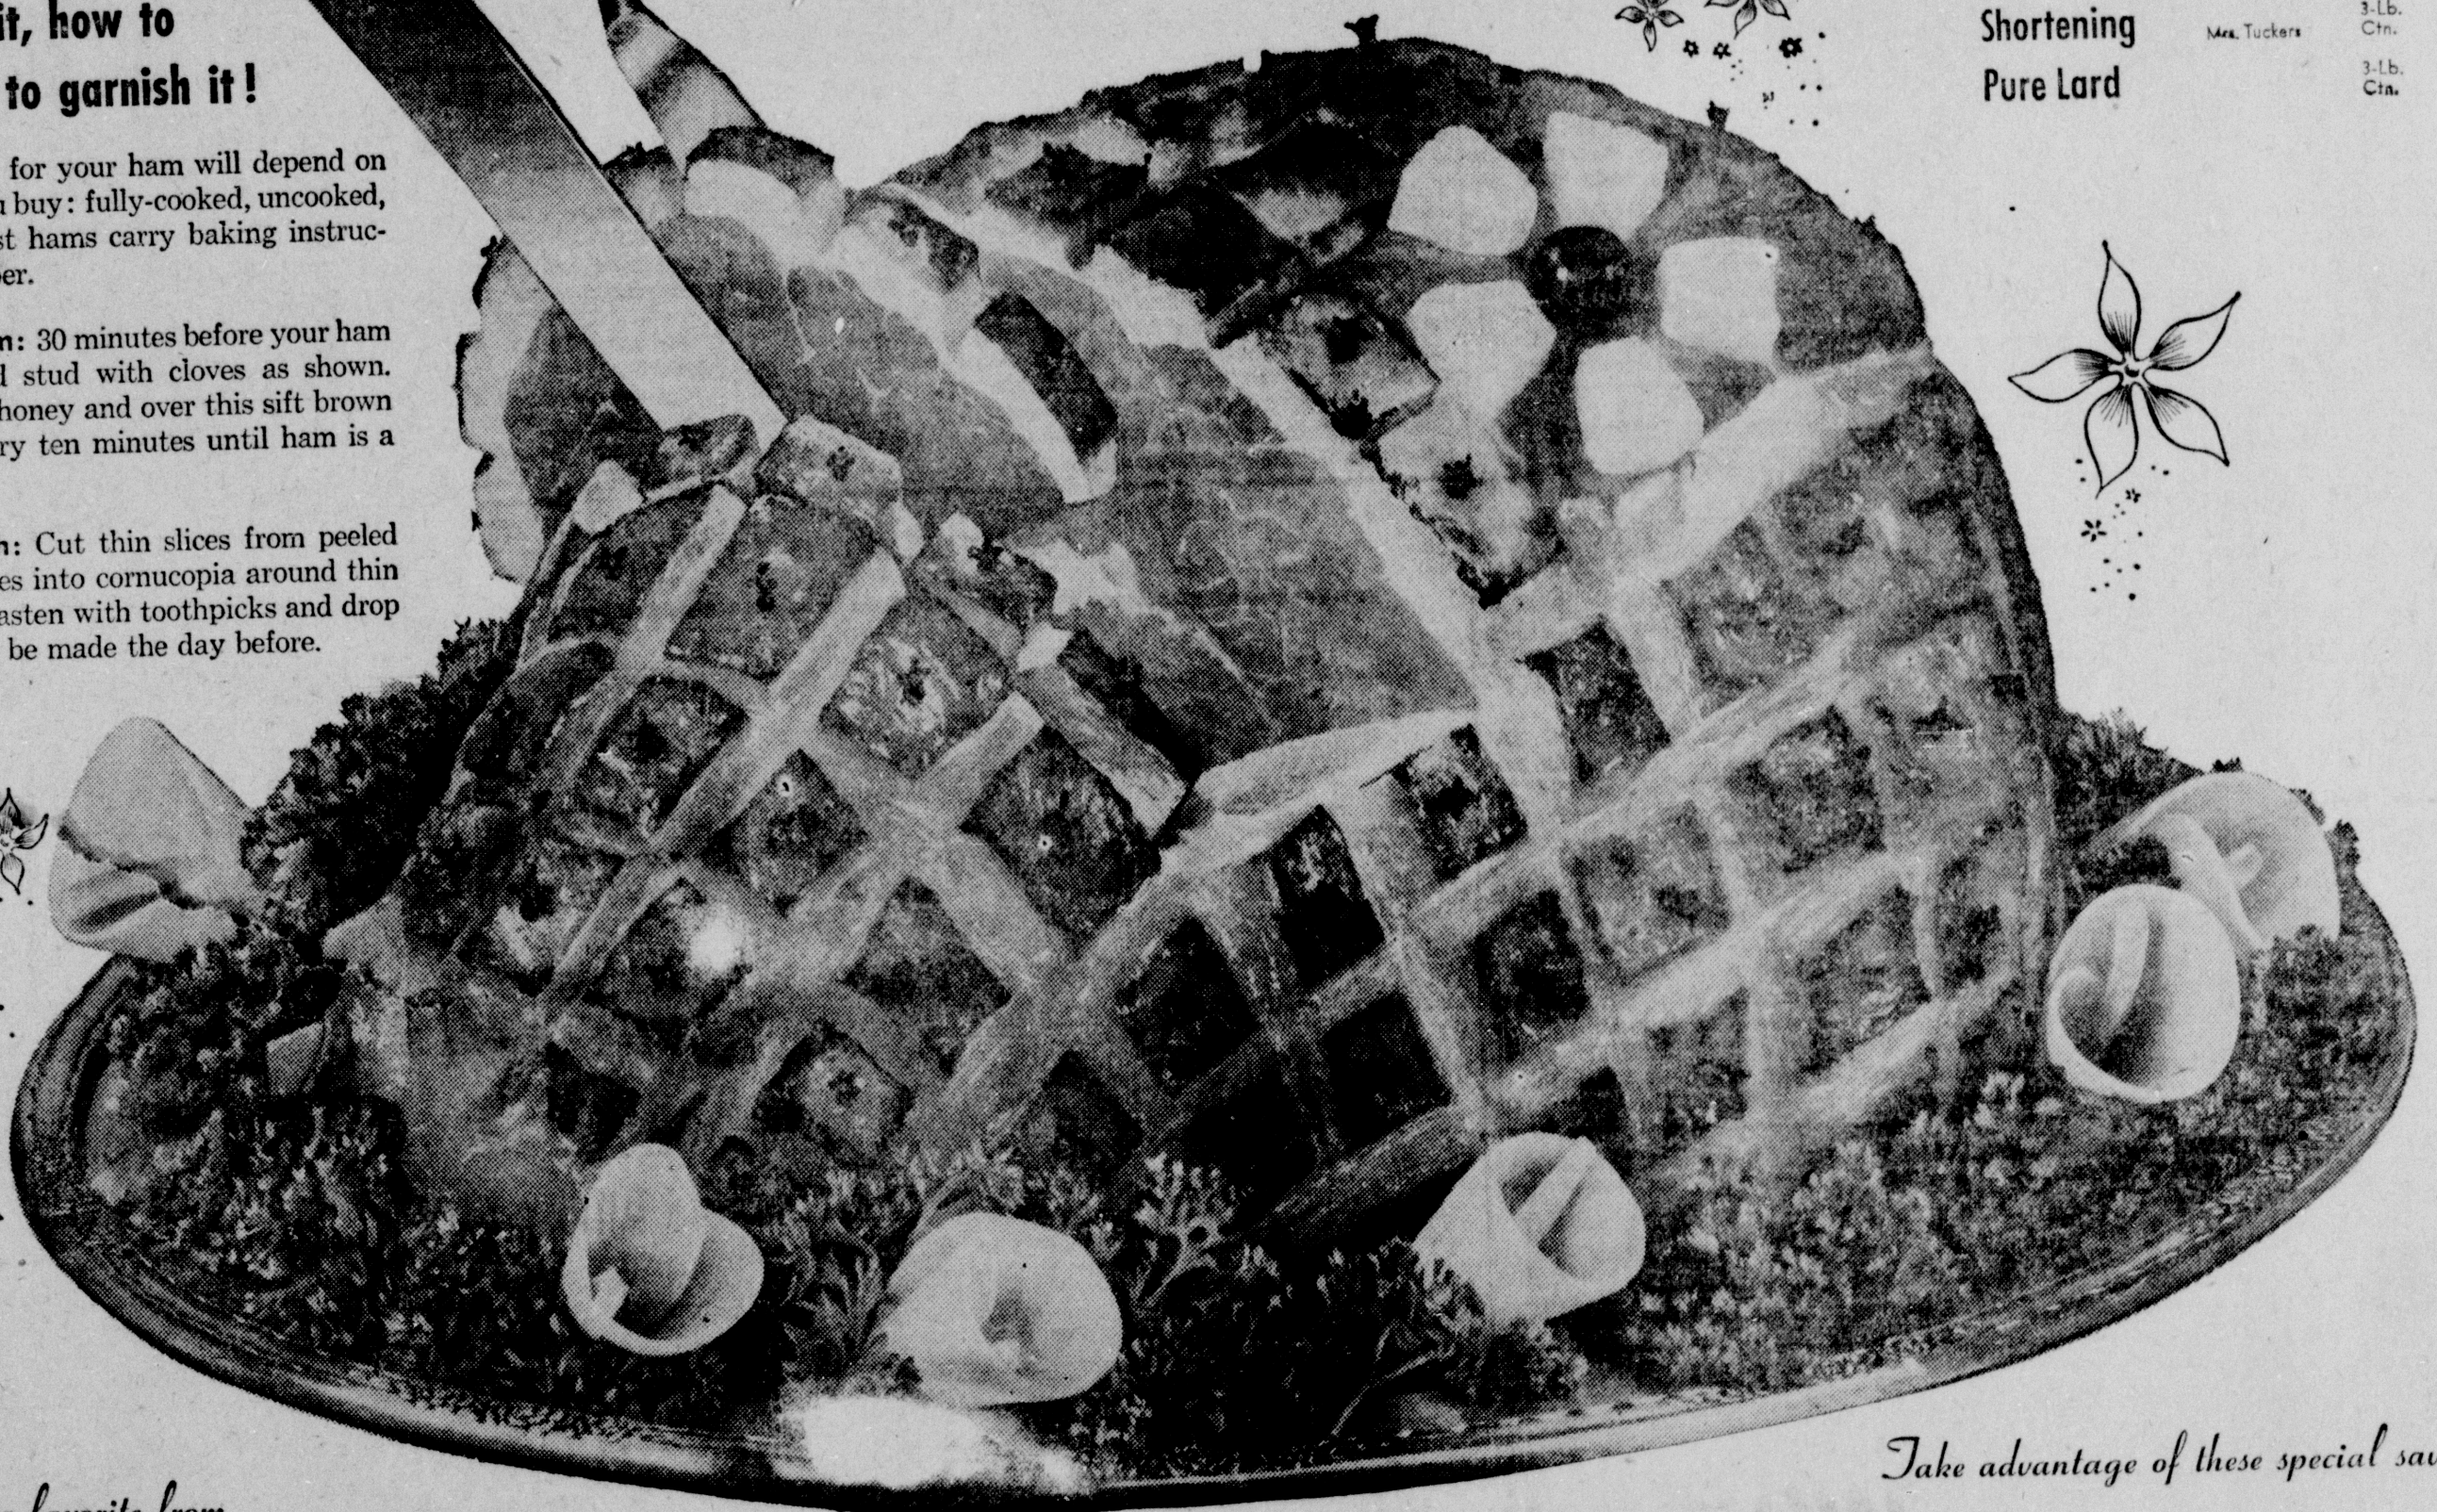

Your Easter Ham: how to bake it, how to glaze it, how to garnish it!

Total baking time for your ham will depend on the kind of ham you buy: fully-cooked, uncooked, or tenderized. Most hams carry baking instructions on the wrapper.

To glaze your ham: 30 minutes before your ham is done, score and stud with cloves as shown. Drizzle ham with honey and over this sift brown sugar. Repeat every ten minutes until ham is a glossy brown.

Calla Lily Garnish: Cut thin slices from peeled turnips. Form slices into cornucopia around thin sticks of carrot. Fasten with toothpicks and drop in ice water. May be made the day before.

Choose your favorite from
our selection of famous brands!

30 High School Boys Report For Baseball Squad Practice

Others to Report As Soon as Track Events Completed

Baseball practice started Monday for 30 boys at Hamlin High School who are not participating in track and field events, which continue for two weeks more, according to Coach Harrell Blackburn and Truman Nix.

Blackburn will handle the infield boys and pitchers, and Nix will be in charge of the outfielders and catchers. The coaches say good interest in the sport this year promises to assure the high school of a good team this season.

Some of the best baseball prospects will not be out for baseball until the district track meet which will be held April 7 at Snyder, the coaches point out.

District baseball schedule will start April 12. Teams in the District 5-A are Anson, Colorado City, Hamlin, Haskell, Merkel and Rotan.

The entire outfield of the baseball diamond at Piper Field has been sodded, and it will be used for a practice field during the forthcoming football season for both A and B teams. Billy Reynolds, grounds keeper, has the ground and track in excellent condition, declare the coaches, and they believe it will improve the athletic program of the school considerably.

EARLY TREATMENT VITAL

Last year about 80,000 Americans died of cancer because the proper treatment was begun too late. Fight cancer with a check-up and a check.

Smiling coyly at Texas' famous football star Dook Walker as he delivers the first sheet of 1956 Easter Seals in Texas is 5-year-old Jan Pruitt, daughter of Mr. and Mrs. M. M. Pruitt, Route 2, Greenville. The traditional annual Easter Seal Appeal for funds to aid the state's crippled children opened March 10 and will continue through April 10.

Hamlin Tracksters Win Three Places in Stephenville Contests

With only partial representation in track and field events, Hamlin High School tracksters last week-end won three places in a star-studded delegation of thinly clad from a wild expanse of Central Texas when they participated in the John Tarleton Relays at Stephenville.

Brady won the Class AA crown with 30 3-5 points. Closest competitor was Abernathy with 19 3-5 points.

Diminutive Kenneth Hewett, who is destined to be heard from even in state finals if he continues his past strides, took first place in the 880-yard run event.

Doug Ford was third in a big field in the low hurdles event, which Charles Bode of Brady took in a time of 20.5 seconds.

Hamlin's quartet composed of Wesley Minton, James Crowley, Ken Hewett and Doug Ford placed fourth in the mile relay.

FUNDS NEEDED IN FIGHT

Last year the American Cancer Society could grant scientists only two of every three dollars needed for research. Help support the effort to control cancer by giving to the ACS Cancer Crusade.

Hydraulic T Block Added to Football Equipment at Field

Installation of a new hydraulic T block at the Pied Piper football practice field has been announced this week by school officials. This is a new invention, and Coach Truman Nix of Hamlin High School believes the equipment will greatly improve the school's grid chances this fall.

"We appreciate what interest has been shown in our athletic building program," Nix declared this week, "and we invite the public to visit us at any time to book over our athletic plant, which is among the finest in West Texas for cities of the size of Hamlin."

"With the building this fall of our new gymnasium, we feel we will have as good physical athletic plant as any school our size around this district," Nix declared.

The coach pointed out that the Hamlin boys are showing a great improvement in track events, "and we feel that when our track program has improved, all our other sports will improve, too."

Freshmen Netters Fall Before Stamfords As

Don Shivers and Lance Carmichael, Hamlin High School B netters, were matched against Stamford's A team last week-end as the top tennis players pulled out for Odessa. The freshmen lost the match by a close 7-5 and 6-2 score.

Carolyn Barnett of Hamlin met Stamford's No. 1 girl and also lost.

Coach Doyle B. Smith put the boys and girls on a rugged schedule Monday which will be pointing toward district. He feels confident, he says, that the boys will outclass anyone in their division, barring over-confidence or physical set-backs. "The girls can also sweep their division if they will work hard he declares.

When you need special rubber stamps, let The Herald serve you.

Hamlin High Tennis Players Eliminated in Odessa Tournament

Charles Green, playing the finest tennis of his short career at Hamlin High School, advanced to the second round of the Odessa tennis tournament before losing to powerful Bobby Thompson of Abilene last week-end. Ted Wright reached the second round also via a bye only to bow to Snyder's No. 1 netter.

Greatest opportunity of the tourney came when Perry Davis and Don Hicks lost a close match to Odessa's doubles team. If the boys had won this match, the way would have been clear for at least a semi-final spot.

James Lafler and Phillip Miller also showed remarkable improvement at the tournament. Coach Smith had nothing but praise for the fine showing of this netters at the meet.

District tennis competition will be staged April 5.

Abilene Boosters to Visit Hamlin Tuesday

Hamlin is listed on the stops of boosters of the Abilene Diamond Jubilee for next Tuesday, it was announced from headquarters of the anniversary celebration this week.

Brothers of the Brush and Sisters of the Swiss will make the trips to various communities of the area advertising the forthcoming jubilee. The second trip for boosters of the area, Tuesday's tour will include Hawley, Anson, Sylvester, Roby, Rotan, Aspermont, Hamlin and Anson.

NO CADDY PROBLEM HERE—Joanne Bruni, 16-year-old defending state women's public links golf champion, has the caddy situation well in hand through the use of this "desert canary." Miss Bruni will defend her title in the state tournament at Laredo.

NOT WORTH FIXING.

The doctor was having a polite argument with a patient over the amount of a bill.

"You must remember, Mr. Dingle," said the doc, "you were in pretty bad shape and I fixed you up. You wouldn't question an auto mechanic who got your car running again, would you?"

"That has nothing to do with this case," insisted Dingle. "If I had a car that was in the condition I was in, I'd trade it for a new one."

DRIVE SEEKS FUNDS.

April is Cancer Control Month by act of Congress. This year more than 1,300,000 volunteer fund raisers will lead the drive to raise \$26,000,000 for the American Cancer Society's programs of research, education and service.

Waiter—"What'll you have to drink?"

Customer—"Ginger ale."

Waiter—"Pale?"

Customer—"No, wise guy—just a glassful."

McCaulley Raises Red Cross Quota at Special Program

McCaulley's quota in the Red Cross drive was reached within a few hours' time last week, according to Mrs. Levi McCollum, drive chairman for the community. An entertainment was given at the school auditorium Tuesday evening as a feature of the gathering to raise the funds.

Members of the senior class reviewed their Blackface Minstrel performance, and each person attending gave to the drive.

Leading characters in this performance were Charles Rector, who served as Mr. Interlocutor; Beth Kelly and Zoie Adair, expert Charleston dancers, who stole the show and brought deafening applause to the audience; Don Alexander and Martha Young played Mr. and Mrs. Rastus and gave "Sentimental Moments to Remember;" and Sammy Holcomb gave "Old Man River."

"That Doggone Dog," a novelty hit by Annie Laurie Woods and Joy Lawlis, was truly a hit with the audience; and Julius Decker and Fayma Downey kept the audience in stitches when they presented a one-act skit, "Scramble's Courtship." Carol Hennington again appeared on stage with her personality singing and golden voice and gave "St. Louis Blue." Buddy Williams as "Stringbeans," gave the audience cold thrills as well as chills.

These students are to be commended for the civic work they are doing. Evelyn Mehaffey was announcer for the skits.

Most of Early Fruit in Area Killed by Freezes

Most of the early fruit crop of the Jones County section has been killed by recent freezes, reported Bill Lehmberg, county agent, this week. From 90 to 95 per cent of the early peaches were nipped, he asserted.

Late varieties of peaches that are now blooming will produce some fruit, the agent said.

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak . . . through

the gas-eating stop-and-go of city traffic and over the straight-line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Each deed helps so much to make our great loss easier to bear. May God's richest blessings rest upon each of you.—Mrs. Albert Galloway, Mr. and Mrs. Albert Galloway Jr., Dick and Dana, Mr. and Mrs. Joe L. Galloway. 1c

Funeral Services for John Holland of Hamlin Community Center Tuesday

Funeral services for John Holland, 67-year-old farmer of the Hamlin community, five miles west of Hamlin, were conducted Wednesday afternoon at the First Methodist Church. Rev. Darris L. Egger, pastor, and Rev. C. T. Pool, pastor of the Foursquare Gospel Church, officiated.

Holland died in Hamlin at the home of a daughter early Tuesday morning after an illness of several months. His illness had been diagnosed as cancer.

Born August 15, 1888, at DeLeon, he was the son of Mr. and Mrs. Joe Holland. He married the former Pearce Cooper on December 20, 1911, and the newlyweds moved to this county, where he had farmed for 45 years.

Interment was in the Afton Cemetery, under direction of the Hamlin Funeral Home. Pallbearers were Tom Carter, Bill Davis, Elbert Payne, Delmer Hill, Jay Skaggs and Ivy Myers.

Survivors include four sons, Woodrow Holland of Simi, California, Terry Holland of Woodland, California, Prentice Holland of Hamlin and Rev. John Holland of Issaquah, Washington; two daughters, Mrs. Lillian Berry and Mrs. Mary Hollis, both of Hamlin; two brothers, Lee Holland and Joe Holland, both of Clarendon; four sisters, Mrs. Ras Patterson of Rotan, Mrs. Dora Beatty of Weatherford, Mrs. Birdie Leathers of Lelia Lake and Mrs. Marvin Whitfield of Hedley; 16 grandchildren and three great-grandchildren.

Land Levelling in Section Is Paying, Rotary Club Told

Land leveling is a well paying practice for farmers of this area, demonstrated Eddie Jay, when he spoke at last Wednesday's noon luncheon meeting of the Hamlin Rotary Club at the oil mill guest house.

Jay, speaking on "Gospel of Field Levelling in West Texas," gave statistics and first hand figures on results of terracing, subsoiling and leveling program conducted in this region in recent years. He showed, for example, that the per acre yield of cotton had been raised in the past 24 years from 122 pounds to 192 under terracing programs. Yields of wheat, maize and other crops also had been raised by these programs, he asserted.

First terracing in the area was done on the A. J. French place in the Tuxedo community, east of Hamlin, in 1921. Since then, thousands of acres of land in Central West Texas have been improved with terraces, contours, subsoiling and other water and soil saving practices to up production, Jay pointed out.

President-elect Manny S. Johnson gave a report on the recent District 186 Rotary convention at Mineral Wells, which he, John Howard and President J. E. Patterson attended.

Victor Ortiz reported splendid progress being made for the Mexican girl, whose expenses to the Scottish Rite Hospital for Crippled Children were paid by the Rotary Club.

Guests at the Wednesday luncheon included Ralph E. Wallace and George Cowan of Sweetwater; Bill Terry of Stamford; Ernest Williams of Rule; and Ted Wright.

Over \$300 Donated to Resuscitator Project

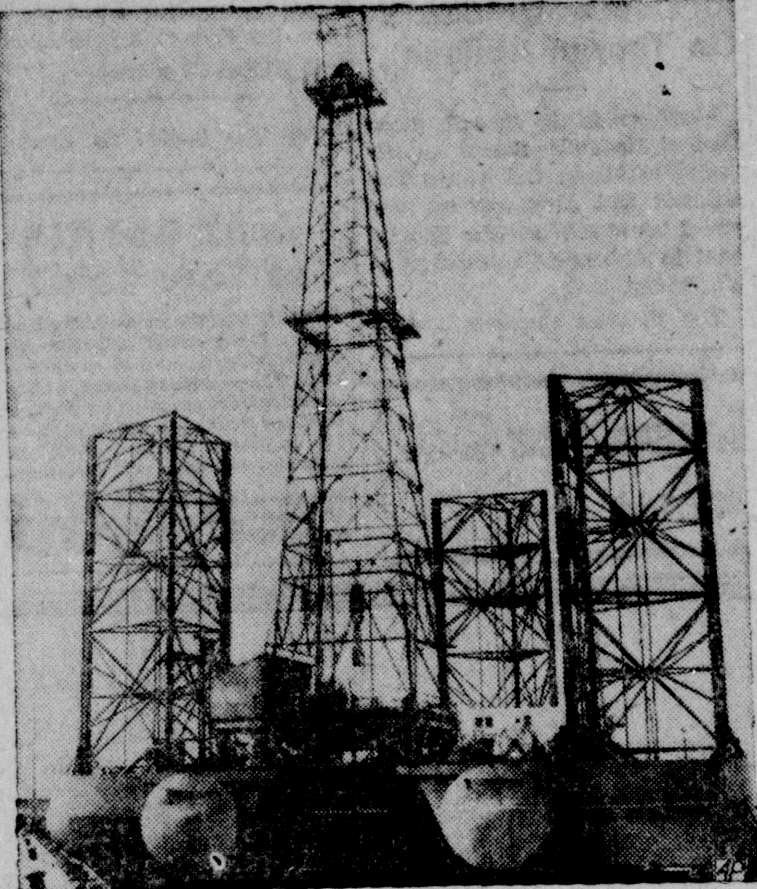

More than \$300 had been contributed toward the purchase by the Hamlin Volunteer Fire Department of the resuscitator machine that has been on display and demonstration in Hamlin for several days, fire department officials reported Wednesday. The equipment, which will be used in drowning, electric shock and other respiratory failures, is proposed as a community benefit.

Contributions for the equipment, which will cost \$625, will be accepted at the bank or by members of the fire department.

Santa Fe Carloadings Show Gain Over 1955

Santa Fe Railway System carloadings for the week ending March 23, 1956, were 24,788 compared with 22,358 for the same week in 1955, reflecting a sizeable gain over the year-ago figure. Cars received from connections totaled 11,712 compared with 12,792 for the same week in 1955.

Total cars moved were 36,500 compared with 35,150 for the same week in 1955. Santa Fe handled a total of 35,294 cars in the preceding week of this year.

DRILLING RIG READY—The Scorpion, Zapata Off-Shore Company's unique mobile offshore drilling platform, stands at the pier at Galveston, almost ready to join the search for oil beneath the Gulf of Mexico. It was designed and built by R. G. LeTourneau, Inc. Oil Well Supply Division of United States Steel Corporation supplied the drilling rig.

HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last report in The Herald have included: Mrs. Mattie Free of Sylvester, medical March 16; Miller Harmon, medical, March 17; Mrs. B. H. Crickett, medical, March 17; W. S. Wilcox, medical, March 17; John Scarborough, medical, March 17; Mrs. Willard Burk, medical, March 17; Mae James, medical, March 18; Mrs. Martin Barnett, medical, March 18; Mrs. Burl Jameson of Aspermont, ob., March 18; Mrs. C. L. Reed of Abilene, ob., March 18; Jane Galloway, medical, March 19; Mrs. W. A. Monce, medical, March 15; Mrs. W. B. Brown of Sylvester, medical, March 19; Mrs. Brady Shadle of Aspermont, ob., March 20; Mrs. L. V. Miller, medical, March 20; Claude Gillum of Peacock, medical, March 20; Mrs. J. E. Crow Sr., medical, March 20; Baby Graham, medical, March 20; Paige Baize, surgery, March 20; Penny Carothers, medical, March 20; Mrs. John Brown Jr., medical, March 20; Mrs. H. C. Carr, medical, March 21; Mrs. Clay Douglas of Aspermont, medical, March 21; J. H. Fitzgerald, medical, March 22; Floyd Trantham of Comanche, medical, March 22; Mrs. Bob Rutherford of Aspermont, ob., March 22; Mrs. E. G. Smith, medical, March 22; Mrs. E. L. Porter of Sylvester, medical, March 22; Mrs. V. W. Early of McCaulley, medical, March 13; Mrs. Ray Hahn of Swenson, medical, March 21; Mrs. A. B. English of Monahans, surgery, March 15; Mrs. I. D. Miller, medical, March 23; S. Holcomb, medical, March 23; Johnny Cooper of Rotan, medical, March 23; Mrs. M. L. Rhoton, medical, March 24; Ruthie Mae Cooper, medical, March 24; Mrs. Bess Reynolds of Midland, medical, March 24; Fred Hall of Swenson, medical, March 24; E. S.

Nazarene Quartet And Speaker Give Lions Club Program

"Every child has a right to expect to be well fed and well led by his parents," averred Rev. Dick Littrell, pastor of the First Church of the Nazarene in Abilene, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Rev. Littrell, who is leading a youth revival at the local Nazarene Church this week, and the Evangelaires male quartet provided the program at the civic group regular weekly session.

Four quartet numbers were presented by the Evangelaires before the Abilene man spoke. The singers are George Andrews of Sweetwater, Derrell Moore of Abilene, Bill Anderson of Littlefield and Donald Wellman of Hamlin, all Nazarene ministers.

Littrell's main remarks were on "Living a Life," as he pointed out that a man should so live that he would have his self respect by living cleanly and honestly; gain the confidence of others by thinking, living and doing right; and gain the approval of God to assure the life hereafter.

Besides the program participants, other guests at the Tuesday luncheon were Joe Breed of Anson and Taga Adolffson of Sweden.

Auto Driver—"Have you some of that gasoline that prevents knocking?" Station Attendant—"Yes, sir." Driver—"Fine. Give my wife a glassful of it, will you please?"

Demonstration in Feeding Minerals and Antibiotics Shows Gains for Beef Cattle

Livestock producers in the Hamlin area will be interested in results of feeding stilbestrol and antibiotics in silage ration for yearling steers at Spur Experiment Station, declares Bill Lehmberg, Jones County agent, who releases the following information:

Increased gains were obtained by feeding stilbestrol and terramycin in feed lot tests with yearling steers in 1954-55. These tests were expanded in 1955-56 to include two more antibiotics, aeromycin and Iltycin, and combinations of stilbestrol with the three antibiotics. On February 20, 1956, half of the animals from each lot were marketed after 96 days in the feed lot. These notes give a brief summary of the results of this 96-day test:

Eighty steers and heifers were divided into eight lots of 10 head November 16, 1955. Each lot consisted of seven Hereford steers, two Beefmaster steers and one spayed Hereford heifer. The average daily ration at the beginning of the test was two pounds cottonseed meal, four pounds grain, two pounds alfalfa hay and 55 pounds sorghum silage. The grain was increased gradually to eight pounds for an average of 5.95 pounds over the 96-day period.

Table 1 shows the increased gains made by the cattle fed the additions above the gains made by those in Lot 9, which were not fed these materials. As an example, the cattle fed terramycin in Lot 10 gained an average of 269 pounds compared with 244 pounds, or 25 pounds more in the feed lot than those in Lot 9. They weighed 20 pounds more on the market, and their carcass weights were 28 pounds heavier. The amounts of hormone and antibiotic materials fed are also shown in this table.

Stilbestrol fed in 10 mg. per head daily to the cattle in Lot 11 produced 44 pounds more beef at the market and 31 pounds more carcass beef than the control group. The combination of stilbestrol with the antibiotics gave a slight advantage in gains, but due to the higher cost of the combination material, it was more economical to feed stilbestrol alone in this short feeding period. However, each of the lots fed the combination had a higher dressing per cent and would have made a higher return if the cattle would have been sold on a carcass weight and grade basis. Antibiotics alone increased feed lot and market weights slightly, but dressed out 19 to 28 pounds more carcass beef than the control group.

All eight lots of cattle lost money due to the drop in cattle

prices and the high cost of feed. However, the lots fed stilbestrol or the combination lost the least amount. The three lots fed the antibiotics alone lost a little less than the control group.

Anyone interested can get further information from the county agent's office.

Best All-Round Students in Classes Selected at HNS

Best all-round students in the various subjects taught at Hamlin High School were named in a poll by members of the faculty last week. They were selected for their attitude, grades, participation, behavior and cooperation.

Named were the following: Typing 1, Elizabeth Norton, Cel Albritton and Linda Carlton; science, Judy Parker, Mike Brandon and Gene Murff; world history, Jean Powell and Sara Fomby; American history, Ginger Means and Gene Steele; Texas history, Ted Wright, Wesley Minton, Clarice Brown and Holly Toler; algebra 1, Jerry Carlton and Gene Murff; General math, Alice Rivera, Benita Smith and Glenda Williams; English 1, Wyvonne Conner and Judy Parker; English 2, Dolores Carter; English 3, Ginger Means; English 4, Joye Cary; speech, Judy Brandon; shorthand, Joye Cary, Marcene Crawford and Louise Herd; bookkeeping, Ginger Means, Joye Cary, Judy Brandon and Reba Roland; chemistry, Ted Wright; biology, Janis Crowley; homemaking 1, Ernestine McWright, Melba Osborne, Faye Server and Glenda Williams; homemaking 2, Jean Powell, Sara Kay Fomby and Dolores Carter.

"You are the first girl I have ever loved," said the traveling salesman as he deftly shifted the cigs from his vest pocket before taking her in his arms.

Wildcats in Hamlin Area Hold Spotlight Of Past Several Days

Two new wildcats highlight the oil picture of the Hamlin area during the past several days.

Lamar H. Moore Drilling Company et al of Abilene have staked their No. 1 Norman Carlton wildcat eight miles west of Hamlin in Fisher County. Location of the 6,300-foot rotary project is 330 feet from the south and west lines of the northeast quarter of Section 91, Block 1, H. & T. C. Railway Company Survey.

Skelly Oil Company's No. 1 L. M. Green, wildcat 12 miles west of Hamlin in Section 179, Block 2, H. & T. C. Survey, was drilling below 4,006 feet this week.

Texas Pacific Coal & Oil Company's No. 1-A M. S. Reynolds was plugged at 5,329 feet. The wildcat is seven miles southwest of Hamlin in Section 3, Block R. W. E. Richardson Survey.

When it comes to Protection... it pays to have the BEST

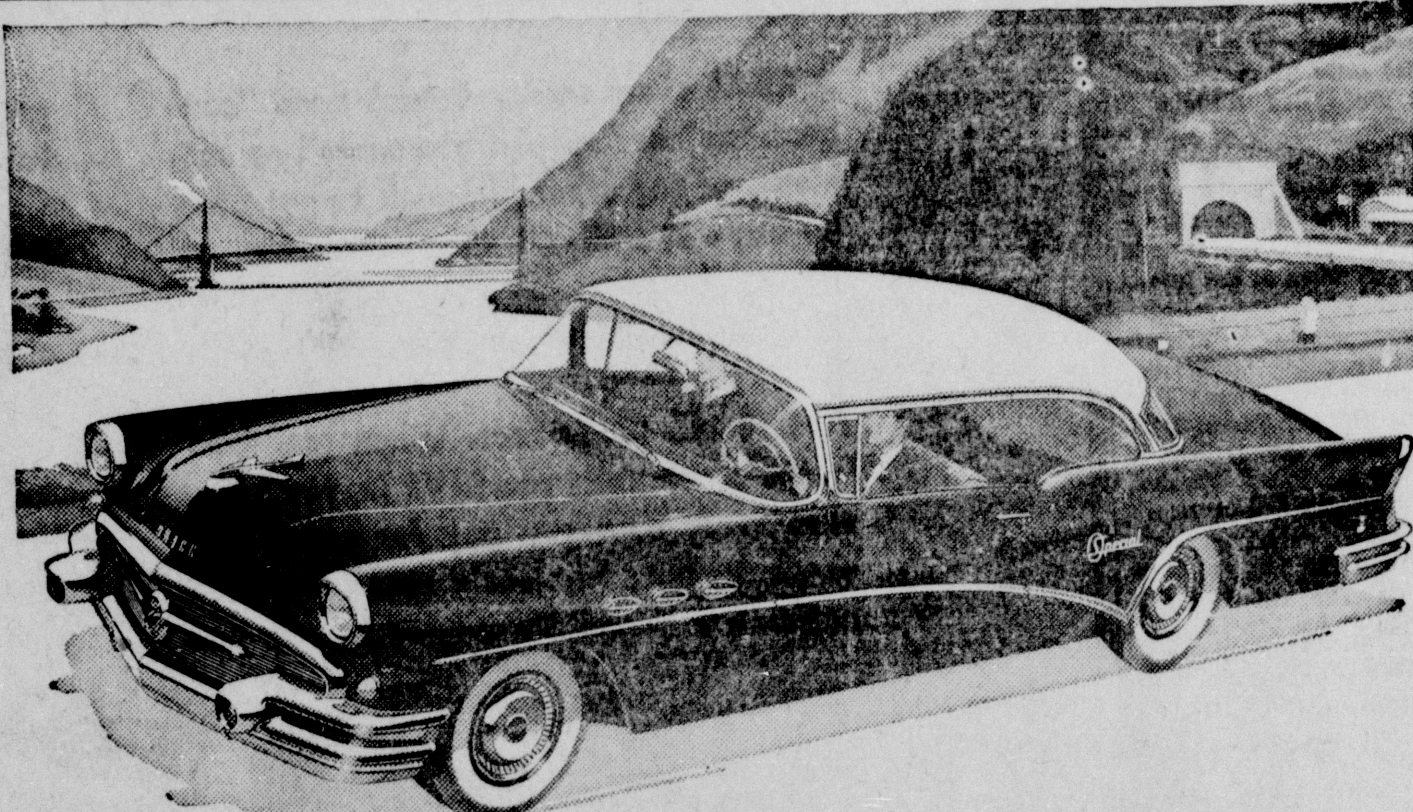

Wild snowballs flying fast and furious, an "iron hat" is just the thing to keep from getting crowned. But it won't help a bit if you don't have it with you.

Dependable insurance is like that, too. It's something you can't get when you need it most. After an accident or loss has occurred, it's too late to buy better insurance if the policy you have proves unsatisfactory.

So don't gamble with "cheap" insurance. Buy only the BEST — and buy it today.

BRYANT INSURANCE AGENCY

YOU'LL GET A REAL BOOT OUT OF THIS BEAUTY

(Just switch the pitch and see)

We'll grant that you'll get a kick from just looking at a new Buick—it's that kind of automobile.

But you'll have to take the wheel, turn the key and press that pedal before you get any idea what this sizzler on wheels can do to your spirits and well-being.

It will take you only a handful of happy minutes to get the idea.

Just nudge the pedal—no more than a gas-saving inch—and you'll feel the instant new getaway that's yours with the new Variable Pitch Dynaflo* even before you switch the pitch.

Just find a spot where you can safely and legally call out the reserves—then floor the pedal. That switches the pitch instantly—and in the same split-second you're at full-power acceleration and sweeping ahead like you never did before in any other earth-bound vehicle.

And all the while, just lend an attentive ear to the whispered might of that big 322-cubic-inch V8 that powers this spectacular performance. For that's the smoothest, the quietest and the highest-powered engine, Series for Series, in all Buick history.

There's more, of course, to make the thrills come thick and fast when you're bossing the best Buick yet.

There's the deep, soft comfort of big interiors—and the sweet and solid steadiness of that great Buick ride.

There's the grace of line you can see stretching before you—and the sure and nimble way this beauty handles and corners and tracks and targets to the road.

So come be our guest at the wheel of a spanking-new Buick—just for fun and kicks and a new excitement. And if you feel this is the car for you, we'll show you prices and a deal that says it's yours for sure. Drop in today or tomorrow, won't you?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

McCAULEY COMMUNITY NEWS

Mrs. C. Beth Ballard, Correspondent

Mr. and Mrs. L. E. Rector were week-end visitors in Fort Worth. They visited their daughter, Pat, who is a pre-med student in Texas Christian University.

McCauley Baptist Church sponsored a Training Union study course last week under the direction to Rev. Earl Thompson, pastor student from Hardin-Simmons University, and Virgil E. Potter of Sylvester. A study was directed from Donald F. Ackland's "Joy in Church Membership," in which over 40 people were given awards for diligent service. Tuesday evening a film, "Let's Like Church Houses," was shown to those attending, and on Wednesday refreshments were served by women of the church.

Grade school students of McCauley will present the April Parent-Teacher Association program April 2 in the homemaking stage. The subject will be "Personality Development." Parts will be original, each one written in class under the direction of home teachers.

Secular McCauley young people attended the associational youth night at Sardis Sunday afternoon. Every Wednesday evening is Family Night in the McCauley Baptist Church, when the entire family turns out for preparation every week-end service. Teachers meet to prepare for Sunday's lesson; young people have choir practice; and the junior and intermediate boys attend Royal Ambassadors. Gene Steele is counselor for these boys, and he announces that a car will be sent out for all boys of this age who

do not have a way to attend. After each service the family meets together as a prayer group which is led by the pastor, Rev. Earl Thompson, a senior student at Hardin-Simmons University in Abilene.

Superintendent and Mrs. T. E. Green, Melvin and Kerry, Mr. and Mrs. O. F. Hill and children and Mr. and Mrs. Truett Jeffries and family were fishing last week-end at Lake Fort Phantom north of Abilene.

Royston to Be Served By Roby Post Office

Royston, 12 miles west of Hamlin in Fisher County, will receive mail service out of Roby starting March 31, at which time the Royston post office will be discontinued, it was announced last week-end by A. A. Borroughs, post office inspector for the area.

"When a post office is discontinued, service is provided either by star route or rural route service," he said.

Star route, the inspector said, provides by contract with delivery and a majority of the same services furnished by rural route service.

Business Students Do Well in Practice Meet

Good records were made by Hamlin High School business students last week in practice meets against Anson students, held at the Anson school.

Students who competed were Elizabeth Norton, Cel Albritton, Linda Carlton, Joye Cary, Marcene Crawford and Betty Crawford.

In typing Elizabeth Norton and an Anson girl tied for first with a score of 134. Anson placed second with 133, and Linda Carlton came in third with 127 points. Joye Cary placed first

CLOSE-OUT SPECIAL—We are closing out all Ballerina Pottery; come in and select your matching pieces at one-third off regular prices.—McMahon Jewelry Company. 1c

in shorthand with 99.15 per cent accuracy; while Betty Jane Crawford placed second with 88.03 per cent accuracy; and Marcene was third with 87 per cent accuracy.

McCauley Graders Go On Tour of Abilene

Members of the seventh grade class at McCauley School, accompanied by Mmes. T. E. Green, Foy Mitchell and Alvis Jeffries, and school board member Jim Faught, went to Abilene as a school project Friday.

The 13 class members took a

train ride, visited downtown Abilene, the Coca-Cola bottling plant and KRBC-TV station.

the Sharp Trader buys at better than wholesale

...because he buys where his bread is buttered

Albert A. Galloway Dies Thursday in Hospital at Rotan

Final rites for Albert A. Galloway, native of the Neinda community south of Hamlin, who had farmed between Hamlin and McCauley most of his life, were conducted last Friday afternoon at the First Baptist Church in McCauley.

Galloway, who was 55 years of age, died early Thursday morning at the Callan Hospital in Rotan after an illness of about a month.

Rev. J. W. West, pastor of the Anson Primitive Baptist Church assisted by Rev. C. E. Dick of Lubbock, officiated at the funeral services.

Interment was in the McCauley Cemetery, under the direction of Hamlin Funeral Home. Pallbearers were Gideon Smart, Willie Maberry, Cloyce Jones, John R. Brown, Rod Brown, Bill Fletcher, Morgan Drummond and Martin Decker.

Born August 22, 1900, at Neinda, Mr. Galloway had resided in this section all his life. He was married to the former Ellen Peacock on August 25, 1920.

Surviving are his wife; two sons, Albert Galloway Jr. of Floydada and Joe Galloway of Fort Worth; three sisters, Mrs. A. L. Boyd of Lamesa, Mrs. Laura Moore and Mrs. Azzie Hendrickson, both of Madera, California.

A REAL sharp trader doesn't need "connections" or "special discounts" or catalogs, or any other gimmick to get what he buys at **BETTER** than wholesale.

Maybe you think we're kidding?

Not at all. It's a fact. When you **BUY** in the community you **LIVE** in, you know that every cent you pay for goods and services above wholesale cost stays here at home with you. By staying here, it can

get around to buying **MORE** good things for you and your family.

It's trading material . . . and **TRADE ALONE** builds communities with better opportunities, better schools, better churches, better neighbors.

Any **ONE** of these advantages could bring you returns beyond measure in a **BETTER LIFE**, as well as real **CASH** returns in the form of increased business,

improved property values, a better job, more people to help you carry the load of normal community expense.

All of this — which you don't get for your money when you buy somewhere else — makes the cost of the actual **GOODS** very low . . . when you buy them at home.

That's how the **SHARP TRADERS** get **BETTER** than wholesale values.

It Pays to Buy
where you Live

Of all the business establishments in the world — only those in Hamlin are sincerely interested in the future of Hamlin and in the future of **YOU** who live here . . .
